

ThinkSmart Core for Zoom

LenovoThinkSmart Core Kits make it easy and cost-effective for modern companies to incorporate smarter collaboration technology into meeting rooms of all sizes. These purpose-built, modular room kit solutions start with ThinkSmart Core, a compute that is powered by 11th Gen Intel® Core™ vPro™ processors and certified and preloaded with Zoom Rooms to help employees connect, share, and collaborate seamlessly and securely from wherever they may be working.

ThinkSmart Core Full Room Kit comes with conference-ready features like the ThinkSmart Cam – Lenovo's first AI-based camera – which render vivid images even in low-light environments, as well as the ThinkSmart Bar with stereo speakers and effective noise cancellation for clear disruption-free meetings.

The ThinkSmart Controller is a 10.1" anti-glare touch screen powered by USB-C with its integrated stand with a 30-degree or 60-degree viewing angle. Integrated infrared sensors intuitively detects participants in the meeting room as soon as they enter.

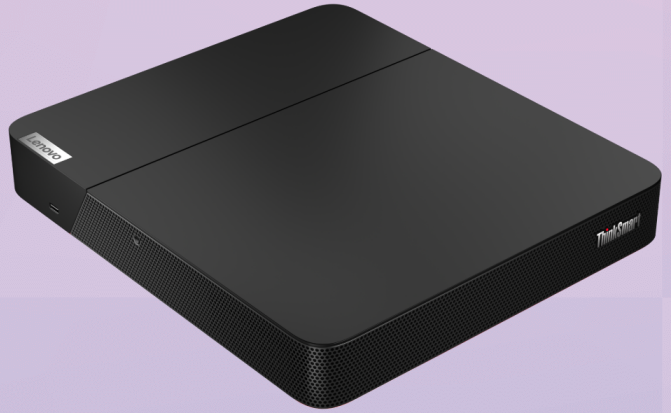

Purpose-built, modular room kit solutions are designed to fit seamlessly inside most meeting rooms.

Digitally manage meeting facilities with one device

Combining innovative technology with personalized services, ThinkSmart solutions will improve the way employees work together in today's work-from-anywhere world.
