HP 725 Multi-Device Rechargeable Wireless Keyboard and Mouse Combo (9T5B0UT)

Overview

Supercharge Your Workday

Work confidently with tech that keeps you productive, whenever and wherever. This thoughtfully-designed wireless keyboard and mouse work as hard as you do with ultra-fast charging supercapacitor technology, seamless connectivity, and customization.

Ready When You Are

Ditch the battery and work worry-free with an ultra-fast rechargeable supercapacitor that provides up to 2 months (keyboard)/30 days (mouse) of usage from a 3-minute charge[1]. Or, recharge while working with the USB-C cable[2], and stay typing uninterrupted[3].

Personalized Productivity

Elevate your productivity with programmable buttons and keys[6] that reduce unnecessary keystrokes. Access Microsoft Copilot[7] with one key, and enjoy precise tracking and mouse movement on almost any surface[8].

Switch Devices Seamlessly

Seamlessly and securely connect across multiple operating systems[4] and devices—two via Bluetooth and one via 2.4 GHz HP Unifying Dongle. You can also easily switch connected peripherals from one PC to another with the keyboard's multi-device key[5].

Built for a Better Tomorrow

To help support our shared future, the HP Multi-Device Rechargeable Wireless Keyboard and Mouse Combo is made with at least 60% post-consumer recycled materials[9] and comes in FSC®-certified packaging[10].

Features

Microsoft Swift Pair

Easily pair with your Windows 10/11 PC in a single click. When the pop-up asks if you'd like to pair, simply tap yes for a seamless Bluetooth® connection.

Seamless Multi-Device Switching

Easily switch your connected devices—keyboard, mouse, monitor, etc.—from one PC to another with a single click of the keyboard's multi-device key.[5]

Ultra-Fast Charging

Always ready for action, the supercapacitor is a battery-free design that fully charges in just 3 minutes.[1,11]

HP Unifying Dongle

Get a secure AES 128-bit encrypted connection to the devices that power your day. Pair up to 8 HP devices and store the HP Unifying Dongle in the included keyboard storage space to ensure every piece stays with its parts.[6]

Precision and Comfort

Type comfortably and accurately with a full-size keyboard with contoured keycaps.

Scroll With It

Adapt it to your speed to effortlessly scroll through documents and webpages with the 2D scroll wheel— scroll up and down, side to side.

[1] Fast charging is based on USB Type-C ®-- 3.0 port (5V, 2.5A). The actual charging time may vary depending on the port type and environmental conditions. Usage life is an estimate and varies depending on many factors, including number of active, idle and asleep hours of use, number of applications running, environmental conditions, and features used; actual usage life will vary with usage and environmental condition.

[2] USB-C to USB-A adapter cable included.

[3] Fast charging time applies to charging while product is not in use. Working while product is charging may increase charge time slightly.

[4] Supports Windows 10, Windows 11, macOS, and ChromeOS.

[5] Pre-pairing between PC, keyboard, and mouse is required. Requires HP Accessory Center (HPAC) Software. HPAC available for free download in Microsoft Store.

[6] Requires HP Accessory Center (HPAC) Software. HPAC available for free download in Microsoft Store.

[7] Copilot in Windows requires Windows 11. Some features require an NPU. Timing of feature delivery and availability varies by market and device. Requires Microsoft account to log in.
