HP 225 Wired Mouse and Keyboard Combo (AX2Y7AA)

Overview

Every Day Productivity

Think how much you use your mouse and keyboard. That's why we've taken the time to design products that are comfortable to use so you can work productively every day - and all day if necessary.

Designed for Comfort

This mouse and keyboard are one comfortable combo. The mouse has perfectly positioned left and right buttons and a scroll wheel. Plus, with 0-6 degree adjustable feet, you'll be able to type comfortably on a three-zone, full sized keyboard.

Easy Cleaning

Use your mouse and keyboard every day and they will accumulate dirt and grime. Over time, this can affect how they perform. Because they were specifically designed to withstand everyday cleaning with select disinfecting wipes,[1] this is one mouse and keyboard combo that's a snap to keep clean.

Plug and Play Connectivity

Connecting some peripheral devices can be a complex and time consuming task. Who needs that? With easy plug and play USB connectivity, you can get your mouse and keyboard connected quickly so you can get on with your work day.

Responsibly Made

You should feel good about the products you buy and use. Rest assured, this wired keyboard and mouse are made with at least 75% recycled plastic materials[2] and the printed circuit boards on both the keyboard and mouse are low halogen.[3]

Features

The Key to AI

With one key, access the power of Microsoft Copilot, an AI powered assistant that helps you simplify tasks, collaborate, and work smarter. Find answers from across the web, personalize your apps, or get creative with text, photos, and videos.[4]

[1] Select household wipes can be safely used to clean HP 225 Wired Mouse and Keyboard Combo up to 1,000 wipes: See wipe manufacturer's instructions for disinfecting and the HP cleaning guide for HP tested wipe solutions at How to Sanitize Your HP Device Whitepaper.

[2] Recycled plastic is expressed as a percentage of the total weight plastic. Post-consumer recycled is based on the definition set in the EPEAT® standard for computers, IEEE 1680.1-2018 standard.

[3] External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.

[4] Copilot in Windows (select products only) requires Windows 11. Some features require an NPU. Timing of feature delivery and availability varies by market and device. Requires Microsoft account to log in. Where Copilot is not available, the Copilot key leads to the Bing search engine. See http://aka.ms/WindowsAIFeatures.
