GOLD SUPPORT PLAN COVERAGE

Performance Check with Refurbishment and Scheduled Loaner Units

Don't risk rejection of results by using an out-of-date tester. Gold support includes one performance check and factory refresh per year at no charge at any of our worldwide Authorized Fluke Service Centers. And by scheduling your performance check in advance (six to eight weeks required), you'll receive a loaner unit, eliminating any downtime (available in most regions).

If damage is found, the Gold support program will make necessary repairs to refurbish the tester. This proactive Gold coverage benefit helps avoid a repair later.

Your units will be precisely tested to factory specifications using the full battery of proprietary Fluke Networks test procedures, adjusted/ repaired as necessary with genuine repair parts, and software/firmware updates applied. Typical turnaround time for a performance check is ten working days. If a loaner is not required or performance check cannot be scheduled in advance, Gold customers may opt to instead receive a shipping waybill plus Gold priority for reduced turnaround time.

Repair with Loaner Units

Unlimited, no-hassle, no-charge repair services including labor, parts and shipping with Gold priority. A loaner unit or replacement unit will be provided during repair to minimize downtime (available in most regions).

Discounts and Promotions

Special discounts may be offered to Gold customers on new products, enhancements, online training, and refurbished equipment.

Accessories

Parts and accessories that shipped with your unit and have been qualified as defective or faulty by our technical assistance center will be replaced free of charge during the term of your Gold Support agreement.

Covered accessories include:

- Battery
- Power Adapter
- Remote IDs
- Cables

24x7 Technical Support

Your technicians can call us from your job site after hours and on weekends to help them with questions. Gold support plan customers are provided with direct priority phone numbers to our world-class Technical Assistance Centers (TAC).

Easy Access to Gold Entitlements

Upon purchase, your company will receive a unique Gold Number and PIN for secure access to your online Gold account.
