GDS® Docks for Zebra ET5x 10.1" Series

Featuring GDS® Technology™ the GDS® Vehicle Dock for Zebra ET5x 10.1" tablet allows the tablet's scanning function to work through the cutout on the back which also accommodates tablet add-ons such as scanner, hand strap, and PowerPack battery. This vehicle dock is compatible with C and D size RAM® 4-hole AMPS and 75mm x 75mm VESA pattern bases for attaching a double socket arm in order to complete your mounting solution. Take the solution a step further by taking advantage of the built-in 2-hole mounting plate compatible with RAM® 2-hole diamond base for additional device mounting such as a phone, or other handheld device. An included optional accessory bracket will allow you to connect RAM® 2-hole diamond bases for device mounting and features a cable management system.

Compatible Device:
Zebra ET5x 10.1" Series

Patented & Pats. Pend.
