Poly Studio P5

You may have a Poly Studio P5 webcam from Poly that contains software from the open source community that must be licensed under the specific license terms applicable to the software.

For at least three years from the date of distribution of the applicable product or software, Poly will give to anyone who contacts us using the contact information provided below, for a charge of no more than our cost of physically distributing, one of the following items (a) a copy of the complete corresponding machine-readable source code for programs listed in this document or (b) a copy of the corresponding machine-readable source code for the libraries listed in this document, as well as the executable object code of the Poly work with which that the library links.

Open Source Software

The Poly Studio P5 uses several open source software packages**.** The packages containing the source code and the licenses for all of the open-source software are available upon request by contacting Open.Source@poly.com.

License Information

The following table contains license information for the open source software packages used in the Poly Studio P5. Note that the source code and the licenses for all the open-source software are available upon request. This list is provided as a convenient reference.

Open Source Software License Information

Software	Version	License	Link
cJSON		MIT License	
uC/OS-II		Apache 2.0
