PRODUCT CATALOGUE

Magnetic Mount

Part no. SAB-224 / SAB-254

FEATURES

Easy Installation
For Sharkee & MiMo Sharkee Series
Can be fitted to any conductive surface on the vehicle
Ideal for antenna trials and drive-testing

FOR USE WITH

SAB-224

GPSD/SHKG-7-27 Ranges | GPSB | FINB

SAB-254

GPSD/SHKG-6-60 Ranges

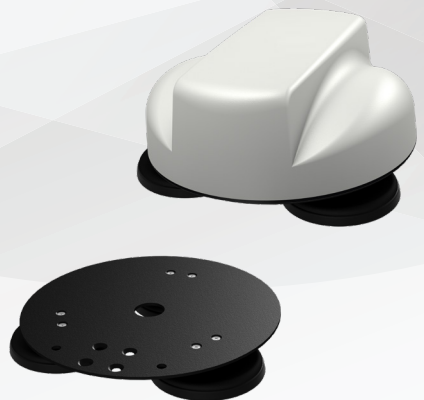

* Please note the antenna is used for demonstrative purposes only and does not come with the mounting solution

Magnetic Mount

Part no. SAB-225

FEATURES

Easy installation
For use with all Dome Series antennas
Can be fitted to any conductive surface on the vehicle
Ideal for antenna trials and drive-testing

FOR USE WITH

Great White / Great White 5G Antennas

•

Mako / Mako 5G Antennas

•

*Please note the antenna is shown for illustration purpose only, and is not included in the mounting solution

*Enquire about our SAB-225T for a more raised solution

Magnetic Mount

Part no. SAB-311

FEATURES

Easy installation

For use with all GPSD4 Dual Sharkee Series antennas

Can be fitted to any conductive surface on the vehicle

Ideal for antenna trials and drive-testing

FOR USE WITH

GPSD4 Dual Sharkee

NMO Adapter Cap

FEATURES

Allows standard Panorama whips to be used on NMO bases

Rubber 'o' ring and sealing gasket for a secure fit

Part no. SAB-196

M6F Thread

Part no. SAB-181

M10 Modular Stud

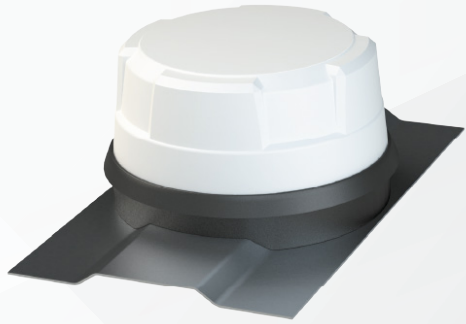

Ribbed / Curved Roof Adapter Kit

Part no. LGMM-EXT-R-SLT

FEATURES

For use with all Dome Series antennas
For install on ribbed or uneven panels
Flexible mounting solution
Ensures effective sealing to vehicle roof

FOR USE WITH

Great White / Great White 5G Antennas

•

Mako / Mako 5G Antennas

•

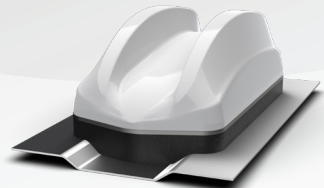

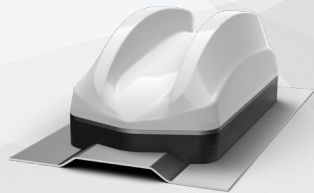

*Please note the antenna is shown for illustration purpose only, and is not included in the kit

Ribbed Panel Adapter

Part no. SAB-312

FEATURES

For GPSD4 Dual Sharkee Series Antennas
For install on ribbed or uneven panels
Flexible mounting solution
Ensures effective sealing to vehicle roof

FOR USE WITH

GPSD4 Dual Sharkee

•

Wall/Pole Mount Bracket

FEATURES

Adaptable installation
Fixed site solution that can be wall or mast mounted

Part no. SP5-0097-C

For use with LPE | LGE

Part no. SP5-0577

For use with LPAM / LGAM Series

Part no. SP5-0470

For use with LPB / B2BE Series

Part no. SAB-309

For use with all Great White & Mako Antennas

Clamps and Brackets

FEATURES

A range of mounting clamps for Panorama fixed site antennas.

Part no. SAB-236

For use with B6SE Series To be installed on a pole

Part no. SAB-186

For use with WM8 Series Tilt/swivel assembly for wall/mast mounting

Part no. SAB-138

For use with NA series marine To be pole mounted (Includes 2 clamps)

Marine Mounts

FEATURES

- Mounting suitable for Panorama NA series antennas
- Designed for harsh marine environments
- Adjustable angle or flat deck options

Part no. NDRS-SL

Adjustable angle

Part no. SAB-315

FEATURES

- Converts BS[G]M range to fit standard 1" - 14TPI marine mounts
- Manufactured using marine grade materials

FOR USE WITH

BS[G]M Antenna Range

Thick Panel Extender Kit

Part no. M18-EXT

Allows installation of antennas with M18 bush fitting to thick mounting panels.
The kit includes a 38mm length threaded extender tube and replacement slotted flat & shake proof washers and split nut.

Reinstall Kits

Essential when the antenna is to be de-installed and then re-installed on a different vehicle. Using the specific re-installation kit for your low profile antenna will ensure that the antenna effectively seals to the mounting panel. Each kit comprises of a replacement adhesive pad and other parts required specific to the type of antenna.

Tip: After removing the antenna, always ensure that any remnants of the old adhesive pad are removed and the base plate is clean before fitting the new pad. Always refer to the original installation instructions for the antenna – if not to hand, these can be downloaded from Panorama's website if required.

FOR USE WITH

Part no. KRV400	Replacement adhesive pad Alcohol cleaning swab Heat shrink sleeves (6)	Great White & Great White 5G series Mako & Mako 5G series
Part no. KRV401	Replacement adhesive pad Replacement conductive pads (2) Alcohol cleaning swab Heat shrink sleeves (6)	MiMo Sharkee (GPSD / SHKG) series
Part no. GP-IN1922	Replacement adhesive pad Alcohol cleaning swab	Sharkee (GPSB / FINB) series

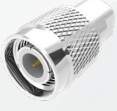

Coaxial Adapters

Panorama has an extensive range of coaxial adaptors for different applications. Our most popular types are listed here – enquire if you don't see what you need.

Part no. CA-BP-FP • • •
BNC Plug (m) to FME Plug (m)

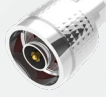

Part no. CA-TP-FP • • •
TNC Plug (m) to FME Plug (m)

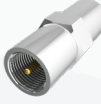

Part no. CA-SP-FP • • •
SMA Plug (m) to FME Plug (m)

Part no. CA-NP-FP • • •
N Plug (m) to FME Plug (m)

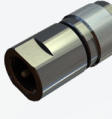

Part no. CA-FP-FP • • •
FME Plug (m) to FME Plug (m)

Part no. CA-PLP-FP • • •
PL259 Plug (m) to FME Plug (m)

Part no. CA-MP-FP • • •
Mini-UHF Plug (m) to FME Plug (m)

Part no. CA-NP-SAJ • • •
N Plug (m) to SMA Jack adapter (f)

Surge Arresters

Multi-strike Surge Arresters

Part no. SAMS-SP-SMABJ
SMA plug (m) to SMA bulkhead jack (f)

Single-strike Surge Arrester

Part no. SA-SP-SJ • • •
SMA Plug (m) to SMA Jack (f)

Part no. SAMS-NP-NBJ
N plug (m) to N bulkhead jack (f)

Cable Assemblies

Part no. C23

VHF / UHF
Double shielded Panorama
RG58 C/U Low loss 'Comms'*

Part no. C32

Cellular 5G / WiFi
Double shielded - Solid core
Flame retardant jacket
Ultra low loss cable*

Part no. C29

Cellular 2G/3G/4G
Double shielded - Stranded core
Ultra low loss cable*

Part no. C240

Cell / WiFi
Double shielded solid
core 6mm Ø cable
Flame retardant jacket
Longer cable run*

** Flame Retardant Zero Halogen version of C29 is available upon request

Adapter Cables

Part no. C74-SJ-010-TS9

TS9 - SMA (f) to TS9 Plug
10cm cable length

Part no. C74-SJ-015-CRC9

CRC9 - SMA (f) to CRC9 Plug
15cm cable length
