Saker Tab-Tension AUHD Series

Motorized Acoustic Transparent Projection Screen

Product Description

The ***Saker Tab-Tension AcousticPro UHD*** Series is an acoustically transparent Ultra High Definition electric/motorized tab-tensioned projection screen. The AcousticPro UHD material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation. Its tight perforated weave material allows a superior AT performance without sacrificing picture quality.

Product Design & Features

- Comes in a curved aluminum black case with parallel grooves
- Black masking borders enhance picture contrast and absorb projector overshoot
- Tab-tension design helps maintain a flat projection surface
- Includes flush hidden wall mounts that allow the screen to slide horizontally for proper centering

Control System

- Includes handheld Infrared (IR) and Radio Frequency (RF) remote controls, and a wall box controller for manual on-wall operation
- User-friendly programmable vertical drop position
- Wall box controller is detachable for a clean look
- Built-in selectable channels allow one RF remote programming to control multiple screens and prevent interference
- 12v trigger feature allows the screen's operation to synchronize with the projector's power cycle
  - Wired 12v trigger capability via wall box controller
  - Wireless 12v trigger capability via Radio Frequency remote

Technical Data

Projection Type:	Front projection
Material Type:	Perforated weave (Moiré-free)
Projector Compatibility:	Standard Throw Projectors ONLY
AcousticPro UHD:	1.0 Gain (180° View Angle)
Mean Attenuation:	-2.36 dB
Flame Retardant:	Complies with NFPA 701 Standards
Black Backing:	No
Motor Type:	Synchronous Motor
Warranty:	2-Year / 3-Year ENR-G Warranty

Available Screen Materials

AcousticPro UHD
