All USB ports on the Conferencing PC are USB 3.2. Using the USB cable provided with each component, you can connect to any available USB port on the Conferencing PC.

Route cables through the cable management slot. Attach the cable management bracket to the back of the PC by inserting the tabs in the slots. Lock the bracket in place.

Poly GC8

This product cannot be connected directly to the telecommunications circuits (or public wireless LANs) of any telecommunication carriers (e.g., mobile communications carriers, fixed communications carriers, or internet providers). In the case of connecting this product to the Internet, be sure to connect it via a router.
