

FIXED RETAIL SCANNERS

Product Group Guide

FIXED RETAIL SCANNERS

Datalogic, the world leader in fixed position retail scanning, offers the most complete range of readers with options for convenience, specialty, drug, discount, grocery and supermarket formats. Ranging from small, counter top presentation scanners, to sophisticated in-counter multi-plane scanner-scales, Datalogic provides industry leading vision and imaging technology that offers fast and accurate POS checkout to improve operational efficiency.

Since the first barcode scanner was developed about 50 years ago, Datalogic continues to offer innovative solutions for front-end retail including integrated Electronic Article Surveillance (EAS), front-end weighing to reduce shrink, and imaging technology for bar code reading, image recognition and image capture.

RETAIL

- POS checkout
- Self-checkout
- Loss prevention/Asset protection

TECHNOLOGIES

- 100% imaging technology capable of reading 1D and 2D bar codes
- Integrated scale system with ScaleSentry™ Shrink Monitoring
- All-Weighs™ scale platter for reduced produce shrink
- Synced color image capture for Machine Learning applications including produce recognition
- ViPR® item recognition for bottom-of-basket (BOB) product identification
- Integrated antenna for EAS system compatibility
- Intelligent illumination for improved throughput and operator comfort
- ScanSentry™ scan avoidance detection

HEALTHCARE

- Pharmacy
- Medication dispensing
- Specimen tracking
- Patient identification

SINGLE PLANE SCANNERS

MAGELLAN™ 3410VSI/3510HSI

The Magellan **3410VSi/3510HSi** series of scanners continue the Datalogic tradition of high performance imaging for the point of sale. The new electronics platform provides outstanding performance and easy connection to any POS system.

MAGELLAN™ 3450VSI/3550HSI

The Magellan™ **3450VSi/3550HSi** series of scanners use the latest technology to seamlessly read 1D, 2D and Digimarc® Barcodes for a variety of POS applications, while improving ergonomics and the user experience with intelligent illumination and intuitive controls.

PRESENTATION SCANNERS		LOSS PREVENTION
GRYPHON™ GPS4400 2D	MAGELLAN™ 1500I	LANEHAWK™ LH5000
 <p>The Gryphon™ I GPS4400 is an on-counter, omnidirectional presentation scanner that offers hands-free scanning. It is the ideal size for space constrained environments and has an adjustable stand. It can also be used as a handheld reader for large or bulky items.</p>	 <p>The Magellan 1500i omnidirectional presentation scanner is a versatile and stylish addition to any point of sale. With Datalogic's latest digital imaging technology, it seamlessly decodes both 1D and 2D bar codes on everything from printed product labels to mobile coupons, loyalty cards, tickets and boarding passes.</p>	 <p>The LaneHawk™ LH5000 is a loss prevention solution that turns bottom-of-the-basket (BOB) shrink into profits in real-time. It is a camera that detects and recognizes items on the bottom of shopping carts, assuring that these items are paid for at the checkout.</p>
