

EASE OF CARE PROFESSIONAL SERVICES

Preventative Maintenance Programs

Datalogic's scheduled Preventative Maintenance (PM) Program ensures peak performance and extends the operational life of the equipment. Preventative Maintenance on your systems not only minimizes the chances of downtime but also reduces your operational costs by correcting performance issues before they occur.

FEATURES

- ✦ Annual and multiyear Preventative Maintenance agreements
- ✦ Error analysis and rectification of failures on site
- ✦ Replacement of defective components by experienced technicians
- ✦ Recommendations to replace end of life products
- ✦ Customized diagnostics to improve your processes and reduce your TCO(Total Cost of Ownership)
- ✦ Training maintenance staff in troubleshooting your equipment

Our Preventative Maintenance program shall be purchased together with the equipment and can cover up to 3 years. We can easily customize our offering depending on your needs.

BENEFITS

- ✦ Improvement in read rates and/or reducing error rates
- ✦ Reduces cost of operation and maintenance
- ✦ In depth diagnosis of any system issues
- ✦ Discount on spares and repairs
- ✦ Exceptional service with Datalogic certified and experienced personnel

Preventative Maintenance - System Check List	MAXIMIZE UPTIME	REDUCE INTERVENTION AND SERVICE	OPTIMIZE READ RATE	HEALTH AND SAFETY OPERATOR/ SYSTEM
