MAXWHITE®

Matte white Front Projection Screen Material

(Shown here on the Tripod Stage Series)

MaxWhite® screen material is the most versatile screen surface for front projection presentations. This material provides the widest possible viewer angles with perfect diffusion uniformity while giving precise definition, image color reproduction and black & white contrast. Screen surface has black-backing to avoid light penetration and can be cleaned safely with mild soap and water. Woven screen material is a multi-layer, cross-array coated with a matte white reflective compound.

EliteProAV™ Series: Saker Plus Series, Tripod Stage Series
Manual Grande® Series
