XPS 13 Plus

Power your passions

XPS products are designed to be the best, with cutting-edge technologies, exceptional build quality, unique materials and powerful features. XPS brings together the most elegant designs and premium experiences to enhance your work and personal success. This combination ultimately results in beautifully crafted products with no compromises.

Experience first

XPS product decisions are rooted in the end user. We strive to deliver the best possible experience for each product we create for each specific user.

Premium design

XPS laptops are expertly crafted of premium materials like machined aluminum and glass for simplicity, beauty and durability.

Innovation

Innovation starts with XPS, where we strive to deliver cutting-edge technologies like InfinityEdge displays and leading thermal designs to provide the most aggressive form factors and best customer experiences.

XPS 13 Plus

The speed of creativity

Our most powerful 13-inch XPS yet. Designed from the ground up to be our highest performing flagship 13 ever so you can do everything you love to do faster. The simplified interiors wow and the best-in-class panels bring your content to life.

Up to 2x

More power than before

It is the first time we've designed a 13-inch XPS to a 28W spec, so it's more powerful than before so you can do everything faster. And it's all in about the same size.

Customize your performance based on how you want your laptop to operate. Adjust system behaviors based on your preference between quiet, performance, cool and optimized modes with Dell Performance

0.6" / 2.73lbs

Thin & light

At only 0.60" (15.28mm) thin and starting at only 2.73 lbs (1.24kg), the new XPS is still small, thin and light so you can take it everywhere with you.

Up to 55%

More airflow

Larger fans provide up to 55% more airflow, enabling more performance in the about the same size as before without increasing noise or temperature.

Up to 80%

Long-lasting

The latest battery technology enables long battery life without the extra weight and Express Charge allows you to quickly charge your laptop when you need it (up to 80% in less than an hour).

XPS 13 Plus

Modern, edge-to-edge interfaces

From the outside, this new 13 looks very similar in size, weight and footprint to our previous XPS 13, but the wow moment is when you open the laptop and see the beautiful, simplified, modern interiors. The touch-friendly interfaces create a seamless experience for the customer.

Capacitive touch function row

This innovative design allows the user to switch between function or media keys by hitting the Function + escape buttons, so a customer can see only the keys they choose. A mic mute button is included as well.

Seamless glass touchpad

The entire palm rest is one piece of glass with no parting lines. The seamless glass touchpad uses force pad haptics to provide targeted, reactive sensation. Piezo technology utilizes a series of small, actuated motors for precise, responsive feedback.

Zero-lattice keyboard

The new keyboard design is edge-to-edge, with no spacing between the keys and it is fast, efficient and comfortable with every keystroke. Designed with larger keycaps and a deeper 0.3mm dish, it is ideal for a touch typist.

XPS 13 Plus

Minimalist and premium

Modern design

XPS 13 Plus uses premium materials but provides simplicity in terms of processes and finishes. We removed superfluous steps, reduced finishes and materials. It's crafted from CNC machined aluminum and glass, for beauty and durability. A finer bead blast provides a smoother finish.

Light or dark

Choose between Platinum or Graphite. Interiors are a tone-on-tone match to the exterior aluminum finish.

XPS 13 Plus

Stunning display

A stunning display delivers high brightness, improved clarity, precise detail and vivid color so your content comes to life. XPS gives you the tools to create at your best.

4-sided InfinityEdge

We pioneered the thin bezel, enabling a large display in a small form.

All beautiful screen

High screen-to-body ratio of 91.9%

Designed for productivity

13.4" 16:10 aspect ratio is designed to help make you more productive.

Stunning color

Take entertainment up a notch with 500-nit brightness, up to an 1800:1 contrast ratio and 100% sRGB or 90% DCI P3 color gamut.

Precise detail

Available with up to a 4k+ display (3840x2400) for precise detail when editing photos or viewing content.

Eyesafe® technology

Eyesafe reduces harmful blue light and maintains vivid color. It intelligently manages light energy at the source – selectively reducing harmful blue light and dispersing it across the light spectrum.

Vivid, true to life color

All 7.4 million pixels of the OLED display are individually lit, turning off completely for black, so dark areas are perfect black, so your content comes alive with breathtaking detail especially in dark areas. Color pops against that backdrop with a wide color gamut making your photos and videos stand out.

Quad-speaker design

Enjoy louder sound with broader dynamic range. Two up-firing tweeters are hidden underneath the keyboard, while 2 down-firing speakers are on the base. Incredible sound for music, movies and conferencing.

XPS 13 Plus

Improved camera design

Dual sensor camera

An improved camera design separates the infrared from RGB, helping you look your best, even in low light.

ExpressSign-In

XPS now offers ExpressSign-in paired with Windows Hello for a faster, seamless login experience. Log on quickly and securely when you step in front of your laptop with Express sign-in which provides secure presence protection, detecting your presence to securely log you on touch-free when you step in front of your laptop. Or it automatically locks your screen when it senses that you have walked away. It can also tell if you are actively using the screen, dimming when you are not actively looking at the display to save battery life.

XPS 13 Plus

Products and packaging are designed to be kinder to the environment.

The XPS 13 Plus is now more sustainable than ever. For the first time, we're using low-carbon aluminum in the chassis, which greatly reduces the carbon footprint. Plus, the XPS 13 Plus will also ship in all-new packaging made from 100% recycled or renewable content.

All new packaging

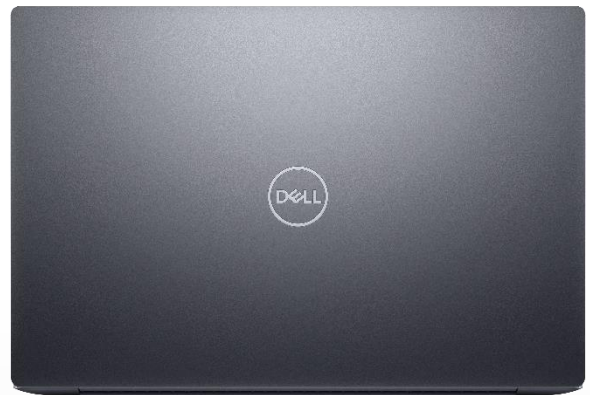

The XPS 13 Plus is the first product to ship in all-new packaging made from 100% recycled or renewable content. It's also 100% recyclable.

Hydro-powered aluminum

Crafted from low-carbon aluminum, made using hydropower renewable energy sources, significantly reduces Dell's carbon footprint. Low carbon aluminum is using Hydropower to produce the primary aluminum material instead of using coal-powered plants.

Waterborne paint

XPS 13 Plus also uses low-VOC waterborne paint on 100% painted parts like the keyboard to reduce fumes during the manufacturing process.

XPS 13 Plus

FEATURE	TECHNICAL SPECIFICATION
MODEL NUMBER	9320
PROCESSOR OPTIONS	12th Generation Intel® Core™ i5-1240P (12MB Cache, up to 4.4 GHz, 12 cores) 12th Generation Intel® Core™ i7-1260P (18MB Cache, up to 4.7 GHz, 12 cores) 12th Generation Intel® Core™ i7-1270P (18MB Cache, up to 4.8 GHz, 12 cores) 12th Generation Intel® Core™ i7-1280P (24MB Cache, up to 4.8 GHz, 14 cores)

STORAGE OPTIONS*	256GB PCIe 3 x4 SSD, 512GB PCIe 4 x4 SSD, 1TB PCIe 4 x4 SSD, 2TB PCIe 4 x4 SSD
GRAPHICS	Intel® Iris® Xe Graphics
DISPLAYS	13.4-inch 4K UHD+ (3840x2400) InfinityEdge touch display; DisplayHDR™ 400, 500-nit, 90% DCI-P3 typical, 1650:1 contrast ratio, 0.3% anti-reflective, anti-smudge 13.4-inch 3.5K (3456 x 2160) InfinityEdge OLED touch display, DisplayHDR™ 500, 400-nit, 100% DCI-P3 color gamut, 100,000:1 contrast ratio, 0.5% anti-reflective, anti-smudge, Corning® Gorilla® Glass 7 13.4-inch FHD+ (1920 x 1200) InfinityEdge touch display; 500-nits, 100% sRGB typical, 2000:1 contrast ratio, 0.3% anti-reflective, anti-smudge 13.4-inch FHD+ (1920 x 1200) InfinityEdge display; 500-nits, 100% sRGB typical, 2000:1 contrast ratio, anti-glare All panels - Dolby Vision™, Eyesafe® technology, 178° wide viewing angle +/- 89° / 89° / 89° / 89°
AC ADAPTER	60W AC adapter, (USB Type-C™)
OPTICAL DRIVE	No optical drive
AUDIO AND SPEAKERS	Studio quality tuning with Waves MaxxAudio® Pro and Waves Nx® 3D audio Quad-speaker design with 8W total output Dual microphone array optimized with Waves MaxxVoice supporting VoIP - Microsoft Cortana capable

FEATURE	TECHNICAL SPECIFICATION
CONSTRUCTION	CNC machined aluminum with glass palm rest in graphite CNC machined aluminum with glass palm rest in platinum
BATTERY	55Whr battery (built-in)* *Battery is built-in to the laptop and is not replaceable by the customer.
PORTS AND SLOTS	2x Thunderbolt™ 4 (USB Type-C™) with DisplayPort and Power Delivery 1 USB-C to USB-A v3.0 adapter ships standard
DIMENSIONS AND WEIGHTS	Height: 15.28 mm (0.60") Width: 295.3mm (11.63") Depth: 199.04mm (7.84") Starting weight: 1.23kg (2.71 lbs.); 1.26 kg (2.77 lbs) with OLED
INPUTS	Touch Display (optional) 2 Digital Array Microphones Full size, backlit, zero-lattice keyboard; 1.0mm travel Seamless glass, haptic ForecePad Windows Hello fingerprint reader in power button & HD (720p) Windows Hello camera in upper bezel Ambient Light Sensor for display backlight control
WIRELESS	Intel® Killer™ Wi-Fi 6E 1675 (AX211) (2x2) + Bluetooth 5.2
REGULATORY AND ENVIRONMENTAL COMPLIANCE	Regulatory Model: P151G Regulatory Type: P151G001 ENERGY STAR 8.0 EPEAT 2018 Gold Registered. For specific country participation and rating, please see www.epeat.net : Will be published on EPEAT website by RTS. Hg-Free/Arsenic-Free BFR/PVC free (not including PSU)
WARRANTY AND SERVICE	US only: 1 year of Premium Support standard; Optional hardware warranty extensions up to 4 years, Premium Support Plus also available Base/Limited Hardware Warranty* standard 1 year; Optional hardware warranty extensions up to 4 years, Premium Support, Premium Support Plus also available

RECOMMENDED ACCESSORIES

Dell UltraSharp 27 USB-C HUB Monitor - U2722DE

See more and do more with a 27" QHD monitor that expands your workspace and gives you a better view of all of your important tasks.

Dell Premier Multi-Device Wireless Keyboard and Mouse (KM7321W)

Multi-task seamlessly across 3 devices with this premium full-size keyboard and sculpted mouse combo with programmable shortcuts and 36 months battery life.

Premier Wireless ANC Headset - WL7022

Collaborate with ease anywhere with this Teams certified wireless headset which offers active noise cancellation and smart sensors that automatically mute and unmute your call.

Dell Thunderbolt 4 Dock - WD22TB4 - Salomon TBT MLK - WD22TB4

Boost your PC's power with the world's first modular Thunderbolt 4 dock*** with a future-ready design.

Dell USB-C Mobile Adapter - DA310

Small and portable 7-in-1 USB-C mobile adapter provides superb video and data connectivity and supports up to 90W power pass-through.

Dell Mobile Adapter Speakerphone - MH3021P

World's first multiport adapter with integrated speakerphone offers an all-in-one connectivity and conferencing solution.**

Dell Premier Rechargeable Wireless Mouse (MS7421W)

Longest lasting rechargeable mouse with a battery life of up to 6 months on a full charge*.

*Based on Dell analysis of battery life usage model calculations assuming non-continuous use during an 8-hour workday, Dec. 2020. Results vary depending on use, operating conditions and other factors.

**Based on Dell analysis, March 2020.

AT THE DESK

ON THE GO

XPS 13 Plus

Software

Microsoft Office 2016 or Office 365

Fully loaded with the latest and greatest versions of favorite applications: Word, Excel, PowerPoint, OneNote and more.

SupportAssist

A Microsoft Windows based software program that automates support from Dell by identifying hardware and software issues on Dell laptops, desktops and tablets. SupportAssist notifies customers when an issue is detected.

Foxit Phantom Standard PDF

Converts PDFs to Word, Excel or PowerPoint formats while preserving fonts and layouts. Allows customers to access and share recently viewed PDFs from computers or mobile devices.

McAfee LiveSafe

Shields PCs from viruses and online threats like risky websites and dangerous downloads, shreds digital files like e-bills and online bank statements saved on PCs.

Dell Help & Support

Contains step-by-step guides, videos, system information and support, to make getting started with your Dell quick and easy.

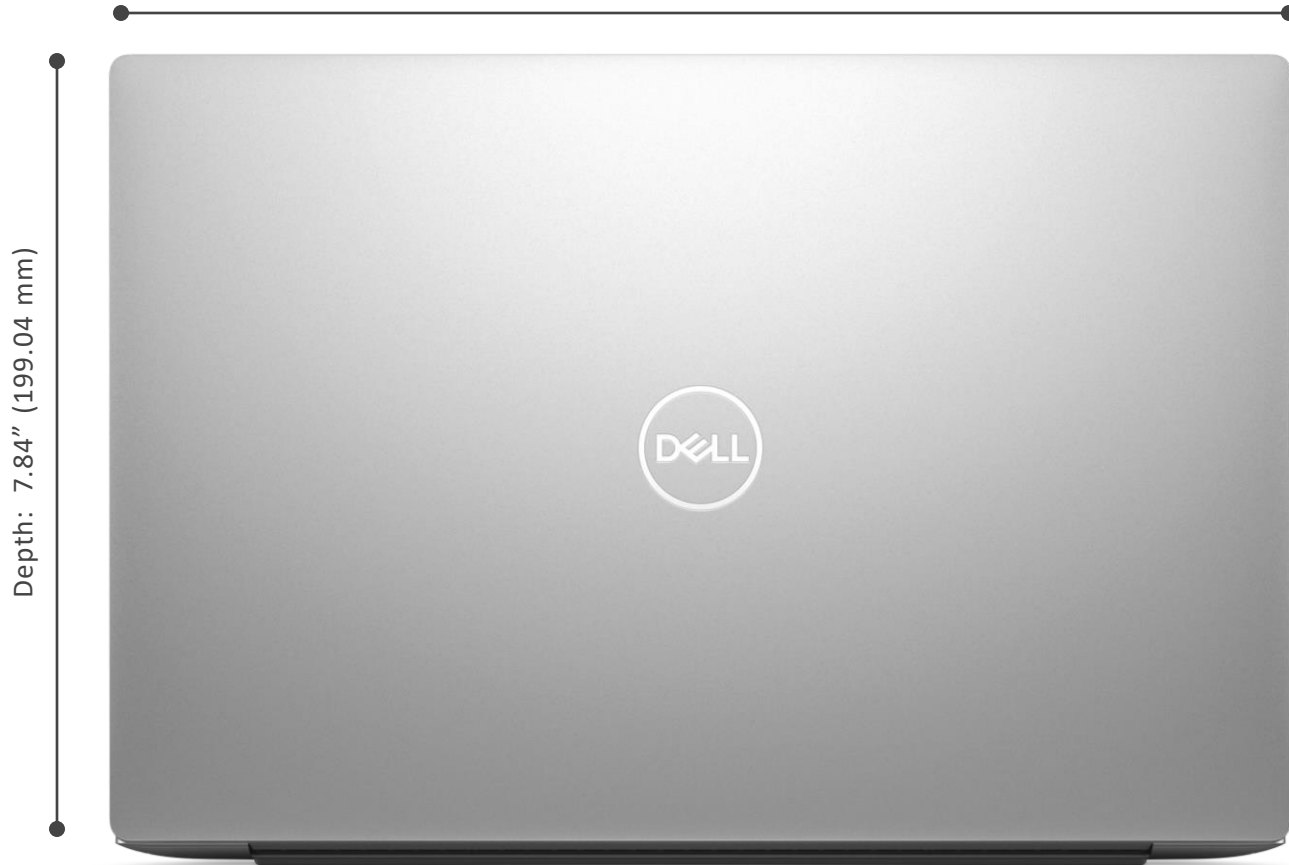

Dell Product Registration

Personalized out-of-box-experience helping customers get started with their Dell system to complete product registration in order to enable their warranty and receive better support, learn more about system features, and also setup the software that comes pre-loaded such as McAfee, Dropbox, and Netflix (if supported).
