Poly Studio Teams Rooms

Contents

Overview

This document covers the following kits:

- Poly Focus Room Kit with Poly Studio P15

- Poly Small Room Kit with Poly Studio R30

- Poly Studio Small/Medium Room Kit with Poly Studio

- Poly Studio Large Room Kit with Poly Studio E70

Poly Focus Room Kit with Poly Studio P15

The Poly Focus Room Kit with Poly Studio P15 contains the following peripheral equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8 (Model P024)

- USB Fibre Cable

- Poly Studio P15

Poly Small Room Kit with Poly Studio R30

The Poly Small Room Kit with Poly Studio R30 contains the following peripheral equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8

- USB Fibre Cable

- Poly Studio R30

Poly Small/Medium Room Kit with Poly Studio

The Poly Small/Medium Room Kit with Poly Studio contains the following equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8

- Poly Studio

- USB Fibre Cable

Poly Large Room Kit with Poly Studio E70

The Poly Large Room Kit with Poly Studio E70 contains the following equipment. Please refer to the Safety and Regulatory Notices for each Poly product.

- Poly GC8

- Poly Studio E70

- USB Fibre Cable

For Safety and Regulatory information for the conferencing PC, refer to the documentation supplied with the PC.

Service Agreements

Please contact your Poly Authorized Reseller for information about service agreements applicable to your product.

Safety, Compliance, and Disposal Information

- This equipment is intended for indoor use only.
- Always disconnect all system power cords before cleaning or servicing.
- In order to remove all power from this unit, disconnect all power supply mains cords.
- Do not spray liquids directly onto the system when cleaning. Always apply the liquid first to a static-free cloth.

- Do not immerse the system in any liquids or place any liquids on it.

- Do not use a power cord that is damaged. This could cause fire or electric shock. Contact the manufacturer for a replacement cord, if necessary.

- Only use a power cord which is appropriately rated and approved relevant to the country of use.

- This equipment is not intended to be operated by children.

- When connecting to the mains supply, connect only to an earthed supply outlet which is installed near the equipment and is easily accessible.

- Keep ventilation openings free from any obstructions.

- The ambient operating temperature rating of this equipment is +32 to 104°F (0 to +40°C) and should not be exceeded.

USB Fiber Optic Cable

CLASS 1
LASER PRODUCT

"Complies with 21 CFR 1040.10 and 1040.11 except for conformance with IEC 60825-1 Ed. 3., as described in Laser Notice No. 56, dated May 8, 2019."

Installation Instructions

Installation must be performed in accordance with all relevant national wiring rules.

L'Installation doit être exécutée conformément à tous les règlements nationaux applicable au filage électrique.

When using Power over Ethernet (PoE), the equipment is to be connected only to PoE networks without connections to the outside plant.

Lorsque vous utilisez une alimentation électrique par cable ethernet (PoE - Power over Ethernet), l'équipement doit être connecté uniquement aux réseaux PoE sans connexions vers l'extérieur de l'usine.

In addition, all PoE sources must meet the Limited Power Source requirements of IEC 60950-1:2005 (2nd Edition); Am1:2009 or IEC 60950-1:2005 (2nd Edition); Am1:2009; Am2:2013; EN 62368:2014.

En outre, toutes les sources PoE doivent satisfaire aux exigences de source d'alimentation limitée de la IEC 60950-1:2005 (2ème édition); Am1:2009 ou IEC 60950-1:2005 (2ème édition); Am1:2009; Am2:2013; EN 62368:2014.

These products are designed for commercial office use only.

This product cannot be connected directly to the telecommunications circuits (or public wireless LANs) of any telecommunication carriers (e.g., mobile communications carriers, fixed communications carriers, or internet providers). In the case of connecting this product to the Internet be sure to connect it via a router.

Operating Ambient Temperature

Operating temperature: +32 to 104°F (0 to +40°C)

Plug Acts as Disconnect Device

The socket outlet to which this apparatus is connected must be installed near the equipment and must always be readily accessible.

La prise électrique à laquelle l'appareil est branché doit être installée près de l'équipement et doit toujours être facilement accessible.

CE/UKCA Mark Declarations

The Poly Room Kit components are marked with the UKCA and CE marks, as applicable. This mark indicates compliance with the relevant EU Directives and UK regulations requirements, as applicable. A full copy of the relevant Declaration of Conformities can be obtained from:

HP REG 23010, 08028 Barcelona, Spain

HP Inc UK Ltd., Regulatory Enquiries, Earley West, 300 Thames Valley Park Drive, Reading, RG6 1PT

EU Declaration of Conformity

Hereby, HP declares that the radio equipment POLY STUDIO TEAMS ROOMS are in compliance with Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available at the following Internet address: **www.hp.eu/certificates** (search with RMN).

UKCA Declaration of Conformity

Hereby, HP declares that the radio equipment POLY STUDIO TEAMS ROOMS are in compliance with the relevant statutory requirements. The full text of the Declaration of Conformity is available at the following Internet address: **www.hp.eu/certificates** (search with RMN).

Power Levels

For radio frequency range and power levels, refer to the documentation supplied with each individual Poly product and the PC.

Power Cables

Only use the power cables that are supplied with this product; these are correctly rated for this product.

Installation of the equipment should be carried out by suitably trained people and must comply with the appropriate local and national electrical codes.

EU Waste Electrical and Electronic Equipment (WEEE) – End of Life Products

Poly encourages you to recycle your end-of-life Poly products in an environmentally considerate way. In accordance with the requirements of the European Waste Electronic and Electrical Equipment (WEEE) Directive 2012/19EU.

All Poly products are marked with the crossed wheelie bin symbol shown here. Products that carry this symbol should be not be disposed of in the household or general waste stream. Detail of the options open to you and the guidance on the requirements for the recycling and environmentally considerate disposal of your end of life Poly products can be found at http://www.poly.com/WEEE.

Poly Take Back

In addition to any mandated take back requirement, Poly offers free recycling of its branded products to business users. Detailed information is available at https://www.poly.com/us/en/company/corporate-responsibility/environment.

India

India RoHS

This product, as well as its related consumables and spares, complies with the reduction in hazardous substances provisions of the "India E-waste (Management and Handling) Rule 2022". It does not contain lead, mercury, hexavalent chromium, polybrominated biphenyls or polybrominated diphenyl ethers in concentrations exceeding 0.1 weight % and 0.01 weight % for cadmium, except for where allowed pursuant to the exemptions set in Schedule 2 of the Rule.

Australia

Warning: This equipment will be inoperable when mains power fails.

安全警語:

1. "不得打開產品外殼,以免造成安全問題" 或"不要對本設備進行機械或電氣
修改,以免造成安全問題"
2. 請勿任意拆裝設備。任何未經授權或認證人員之設備拆裝可能造成嚴重的安全問
題。任何問題,請洽您的銷售人員或經銷商尋求協助。
3. 除非安裝手冊或使用手冊中提及,否則請勿嘗試維修您的設備。永遠遵守安裝手
冊及使用手冊的說明。

United States

Caution: Pursuant to 47CFR§15.21 of the FCC Rules, any changes or modifications to this equipment not expressly approved by HP Inc. may cause harmful interference and void the FCC authorization to operate this equipment."

Radiation Exposure Statement

The antenna used for this transmitter must be installed to provide a separation distance of at least 20 centimeters from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. This device with its antenna complies with FCC's RF radiation exposure limits set forth for an uncontrolled environment. To maintain compliance, this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

製品には、同梱された電源コードをお使い下さい。
同梱された電源コードは、他の製品では使用出来ません。

translation
Please use the attached power cord.
The attached power cord is not allowed to use with other product.

Japan
