Product Compliance Datasheet | ENV0023 | A27
Dell, Inc. www.dell.com

I. Statement of Compliance

This product has been determined to be compliant with the applicable standards, regulations, and directives for the countries where the product is marketed. The product is affixed with regulatory marking and text as necessary for the country/agency. Dell manufacturers and markets Multimedia Equipment (MME), Information Technology Equipment (ITE), Audio Visual Equipment (A/V), Industrial, Scientific, Medical Equipment (ISM) or combinations of these. Generally, products Electromagnetic Compatibility (EMC) and Product Safety compliance is based on International IEC and CISPR standards and their national equivalent along with national standards for Radio (wireless), Telecommunications (Modem) and Energy. Dell products have been verified to comply with the Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU of the European Parliament and the Council. Dell product does not contain any of the restricted substances in concentrations and applications not permitted by the RoHS Directive.

EMC Emissions Class refers to one of the following use environments:

- EMC Class B product is intended for use in residential/domestic environments but may also be used in nonresidential/non-domestic environments.
- EMC Class A product is intended for use in non-residential/non-domestic environments.
 Class A product may also be utilized in residential/domestic environments but may cause interference and require the user to take adequate corrective measures.

For Product Safety and EMC compliance, this product has been assigned a unique regulatory model and regulatory type that is imprinted on the product regulatory labeling to provide traceability to the regulatory approvals noted on this datasheet. This datasheet applies to any product that utilizes the assigned regulatory model and type including marketing names other than those listed on this datasheet. Dell products with the CE marking have been verified to comply with Energy Related Products (ErP) Directive 2009/125/EC of the European Parliament and of the Council. https://www.dell.com/ErP User Information. REACH (Registration, Evaluation, Authorization and Restriction of Chemicals), Regulation (EC) 1907/2006 of the European Parliament and of the Council is the European Union's (EU) chemical substances regulatory framework. Dell complies with the REACH regulation. For information on SVHC (Substances of Very High Concern), see www.dell.com/REACH. This products compliance documentation, such as this datasheet and the European Union Declaration of Conformity are available on the product support page, manuals tab http://www.dell.com/support. Additional compliance documentation for the product is available upon submitting a request at https://support.dellproductcompliance.com Please include product identifiers such as marketing name, regulatory model, regulatory type, and country that compliance information is needed in the email request.

II. Global Environmental Information

Environmental (Voluntary Marks)			
Country	Approval	Compliance	
Global	ENERGY STAR (Configuration Dependent)	Energy Star 8.0	
Global	TCO Certified	TCO 9.0	
China	CECP	Yes	

China	CEC	Yes
Taiwan	Greenmark	Yes
Varies by Country	EPEAT (Configuration Dependent)	Refer to EPEAT.net for
See EPEAT.net		specific registration levels and
		countries

Adapter Certification and Declarations			
Country	Authority/Mark		
Australia/New Zealand	Australia/NZ MEPS		
Canada	NRCan		
US – California Energy Commission	Adapter & Battery Charger		
European Union	Regulation EC No 278/2009		
South Korea	South Korea MEPS		

III. NFPA 99 Conformity

Select Dell systems have been tested and found to comply with the touch current requirements as defined in 10.3.5 of National Fire Protection Association standard NFPA 99:2021. The touch current does not exceed 100 μ A with ground wire intact (if a ground wire is provided) and 500 μ A with ground disconnected at 127 V AC, 60 Hz when tested in accordance with 10.3.5 of NFPA 99: 2021. To determine if this product complies with the above requirements, send a request to https://support.dellproductcompliance.com. Please include product identifiers such as marketing name, regulatory type and country for which compliance information is needed.

IV. Declaration of Similarity

Object of the Declaration		
Product Type	Desktop Computer	
Regulatory Model Number	D15U	
Regulatory Type Number	D15U001	
Trade Name/ Trademark	DELL	
Marketing Name(s)	OptiPlex Micro Plus 7020	

Dell Inc. herby declares that the products identified by the product designations listed in this declaration are strictly identical in design (shape, opening, etc.) components, materials, manufacturing process, and markings except for product designation – Trade Name and/or Trade Mark as specified in this declaration.

The products may have very minor differences which do not impact the level of conformity. All products identified by the product designations in this declaration have the same level of conformity according to the certificate(s) provided.

The Trade Name / Trademark and/or Marketing Name(s) are the property of Dell Inc. Any differences in the product designation are for marketing purposes only.

Date of Issue	February 23, 2024	Dell Inc.
Title	Dell Global Product	Compliance and Environmental Affairs

V. Power Cords and User Documentation

Dell products are provided with the power cord and user documentation suitable for the intended country of delivery. Products that are relocated to other countries should use nationally certified power cords and plugs to ensure safe operation of the product. Contact Dell to determine if alternate power cords or user documentation in other languages is available for your market.

VI. Trade (Import/Export) Compliance Data

For any questions related to importing & exporting classification of Dell products, please obtain information from the following link: http://www.dell.com/learn/us/en/uscorp1/import-export or send email request to https://www.dell.com/learn/us/en/uscorp1/import-export or send email request as marketing name, regulatory model, regulatory type, and country that compliance information is needed in the email request.

VII. Product Dimensions and Weight

Depth,	Width,	Height,	Weight, kg
mm/cm	mm/cm	mm/cm	
178 mm	36 mm	182 mm	1.161 Kg (depending upon installed options)

For Display & Peripheral products please refer to the product edoc/user manual /spec on Dell.com for weight and dimension information.

VIII. Product Energy Performance Data

ErP Lot 3 and ErP Lot 26 information is in Appendices A and B respectively.

For additional information on how Dell's commitment to energy efficiency benefits you go to: Reducing your Footprint

For additional information on ENERGY STAR models refer to the following database: ENERGY STAR Product Finder

Computer:

omputer.				
Service Level	Energy Consumption (Wattage)	BTU Calculation	Description of Service Level	
CPU stressed	121.74	416.35	The system is running programs to maximize the CPU utilization and/or running programs to maximize the power consumption	
Short Idle	6.55	22.40	As specified per EPA ENERGY STAR	
Long Idle	1.31	4.48	As specified EPA ENERGY STAR	
S3 "Sleep" or Modern Standby	1.31	4.48	S3=Suspend-to-RAM, or <u>Modern Standby</u>	
Off/Standby	0.31	1.07	System is turned off but still connected to its AC power source.	

Energy Consumption³

Energy efficiency benefits the environment and lowers the total cost of equipment ownership by reducing power consumption. Click here for Dell's Energy efficient products.

*Energy Consumption results are based solely upon the laboratory testing of the System Configuration and in accordance to the described service level. Energy consumption is tested at 230 Volts / 50 Hz.

Declared noise emission values in accordance with ISO 9296. Testing performed in compliance with ISO 7779 with operating modes defined by ECMA-74.

OptiPlex Desktop:

Declared noise emission values in accordance with ISO 9296. Testing performed in compliance with ISO 7779 with operating modes defined by ECMA-74.

Mechanical plastic parts are BFR/PVC free	
Marking of plastics parts is in accordance with ISO 11469 (see below)	☑ Yes ☐ No ☐ NA
Printed circuit boards (without components) >0.5g are BFR PVC free	☐ Yes ☒ No ☐ NA
Insulation materials of external electrical cables are PVC free	☐ Yes ☒ No
Product is BFR/PVC Free (Accessories & Options may not be BFR/PVC-Free	☐ Yes ☒ No
Postconsumer recycled Plastics material content ⁵ is used in the product	⊠ Yes □ No □ NA
If yes, indicate the percentage of the postconsumer recycled material per total plastic weight of the product	57.3%PCR (Post Consumer Recycled) material in total plastic of product
Biobased Plastic material ⁶ content is used in the product.	☐ Yes ⊠ No ☐ NA
If yes, either indicate the percentage of the biobased plastic material per total plastic weight of	% biobased plastic material in total plastic of product

Flame Retardants Used in Motherboard

Part	List the Flame Retardants	
PCB ⁷	TBBP-A	

Flame Retardants Used in Mechanical Plastic Parts⁸

The external case material is >ABS<,Steel

Resin Material Name	Plastic Part Marking per ISO 11469:2016	Flame Retardant Marking per ISO 1043-4 (i.e. FR(16), FR(40), etc.)	List the Flame Retardants used on (i.e. BPA, etc)	List applicable R-Phrase(s) or Hazard Statement(s) per EU Directive 67/548/EEG or 1272/2008
N/A	N/A	N/A	N/A	N/A

⁵ This product contains x% post-consumer recycled plastic including closed loop recycled plastics (ITE-derived)* % Declaration to be the same in ENV0025 for Display & CP

⁶ Bio-based plastics are fully or partially made from biological resources, rather than fossil raw materials. They are not necessarily compostable or biodegradable. It is important to examine the full life cycle of bio-based plastics, to ensure that they are beneficial to the environment beyond the reduction in use of fossil resources. This includes littering and changes in land

use
⁷ PCB (Printed Circuit Board) is a blank circuit board with no electronic components attached ⁸ According to ISO 11469 Marking of plastics products weighing 25 grams or more must be marked. Plastic Parts weighing less than 25 grams and having adequate surface area for coding should be marked.

Mercury Information

Number of bulbs	Average per bulb
If none, enter 0	0 mg

 - o Printer Toner and Ink: MSDS Documentation

X. Packaging

Information on Dell's sustainable packaging effort available here. Additional materials restricted in Packaging as per Dell's Material Restricted for Use Standard document can be found at www.dell.com/restrictedsubstanceslist.

Packaging Materials	Total Weight,	,		% Sustainable Material		
i dokaging materials	(g) *,bio-based, Sustainable Forested materials)		APJ	DAO	EMEA	
			region	region	region	
Corrugated Fiberboard	766	Recycled Content	Min 35%	Min 35%	Min 35%	
Molded paper pulp	41	Recycled content	100%	100%	100%	
LDPE Bags	9	Recycled content	0%	0%	0%	

XI. Batteries

Below is a listing of batteries that could be present in the product:

Battery Description – Batteries	Battery Type	Battery Weight (kg)	Rating
CR-2032 coin cell	Lithium Metal	0.003 Kg	3V

XII. Design for Environment

Dell systems are, when applicable, designed for easy assembly, disassembly, and servicing. For more information on Dell's Environmental product attributes click here.

XIII. Recycling / End-of-Life Service Information

Take back and recycling services are offered for this product in certain countries. If you want to dispose of system components, please visit How to Recycle | Dell Technologies US and select the relevant country.

Appendix A: ErP Lot 3 Product Energy Consumption Information

European Union (EU) ErP Lot 3 (Commission Regulation (EC) No. 617/2013)

The ErP Lot 3 regulation includes requirements for certain product specific information to be provided by the manufacturer. This is applicable to Desktops, Integrated Desktops (All-in-One), Notebooks, Tablets, Slates, Notebook Thin Clients, Desktop Thin Clients, Workstations, Mobile Workstations, and Small-Scale Servers.

ErP Lot 3 provides certain exclusions based upon product type, screen size, and/or the amount of power consumed in idle mode. Product energy and acoustic information might be reported for products that are out of scope of ErP Lot 3 for informational purposes only.

Additional information on ErP Lot 3, Lot 7 & Lot 26 available here.
