

STAND-TALL® Revolving Floor Stand

Assembly Instructions - No Tools Required

NOTE: To assemble, unit must be on it's side.

1. Assemble chrome base using slotted base cap, feet and leg caps.
2. Combine washer-bearing assembly, placing bearing in center of two washers. Make sure washer-bearing assembly is above pin (as shown).
3. Slide tube into chrome base.
4. Slide opposite end of tube into base of literature pocket assembly.
5. Raise unit into upright position and adjust feet as needed.

PARTS:

Chrome Base (1)
Washers (2)
Bearing (1)
Slotted Base Cap (1)
Feet (4)
Chrome Base Leg Caps (4)
Chrome Tube (1)
Literature Pocket Assembly w/Cap (1)
