ETCMHD-SB will also include:

Cart Handle

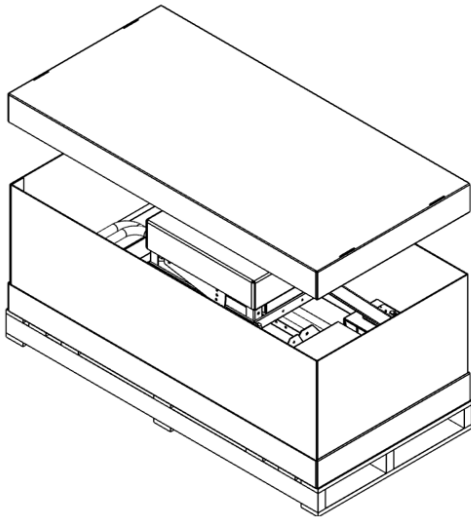

030-2322
2.5" Carriage Bolt (x4)

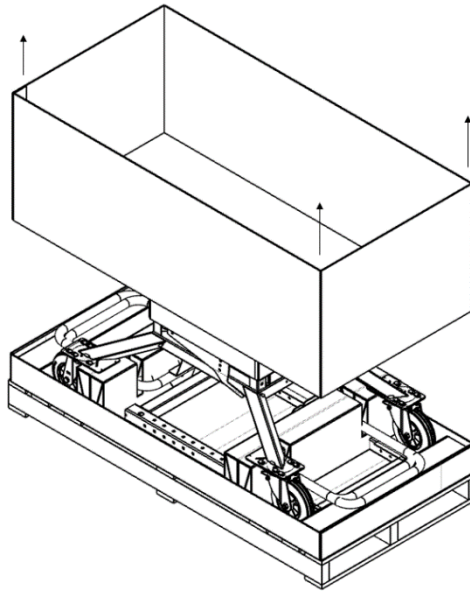

030-2323
Locknut (x4)

Assembly Steps:

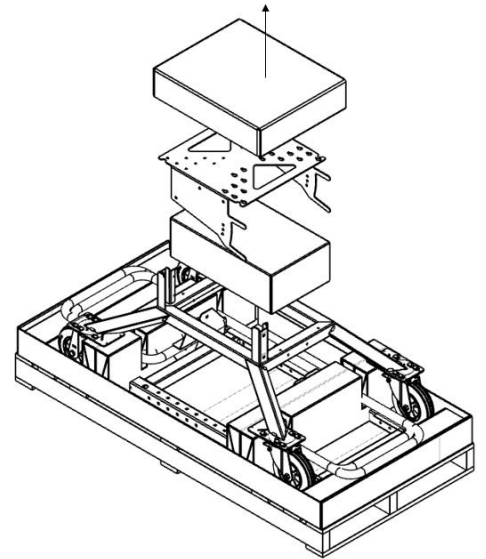

1. Unbox and Remove Packaging

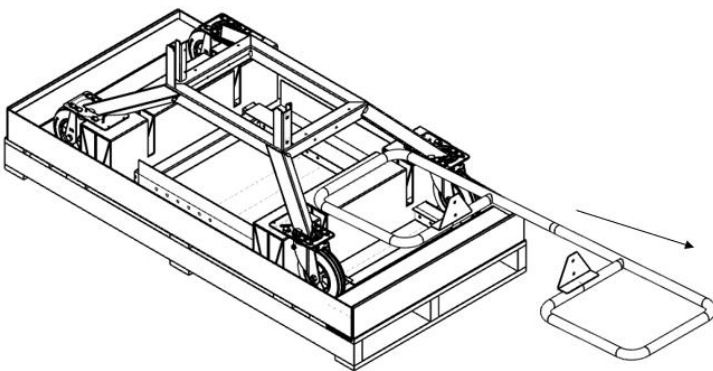

Cut off straps and remove top tray

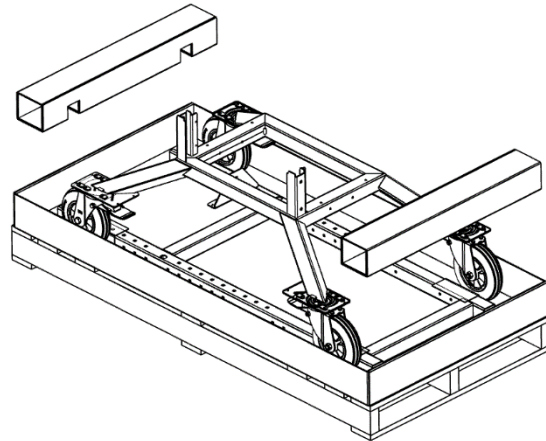

Lift the outer wrap up and off

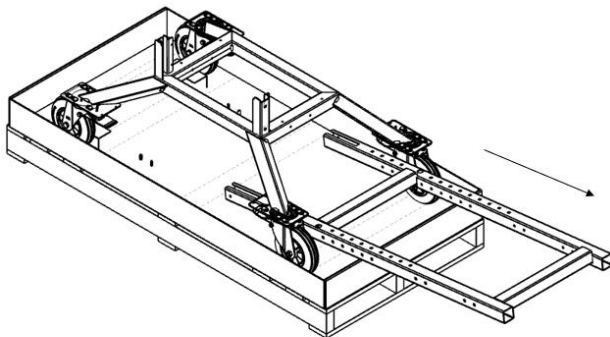

Remove TV Mount & center internal supports

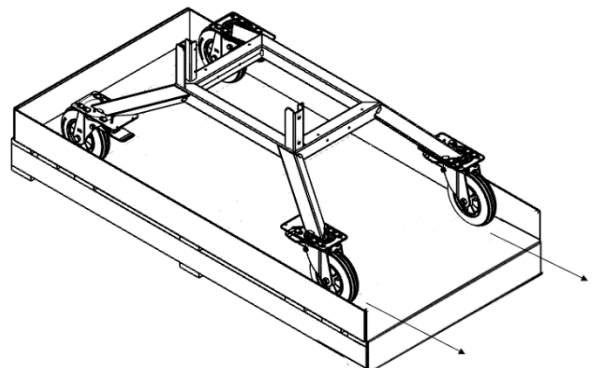

**Slide the Handle up and out
(for model ETCMHD-SB)**

Remove remaining support pieces

Slide the Upright up and out

**Unfold end flap on bottom tray
and roll Base off pallet**

2. Attach Upright to Base

Hardware:

030-2302 (x4) – Hex Head Screws

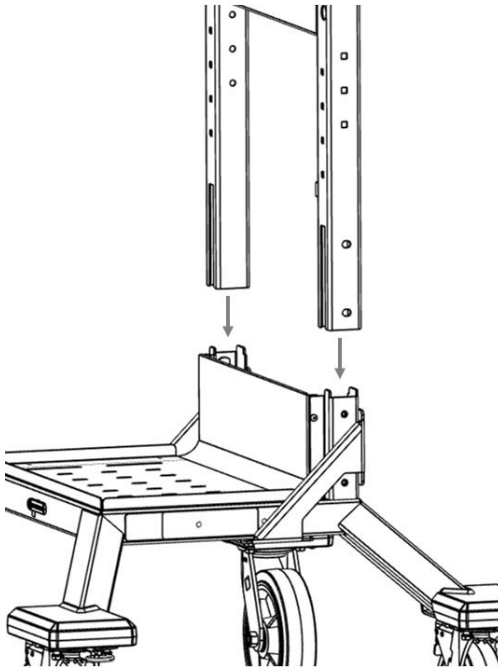

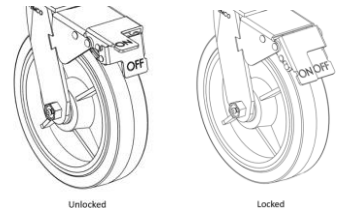

030-2303 (x4) – Lock Washers

030-2335 (x4) – Flat Washers

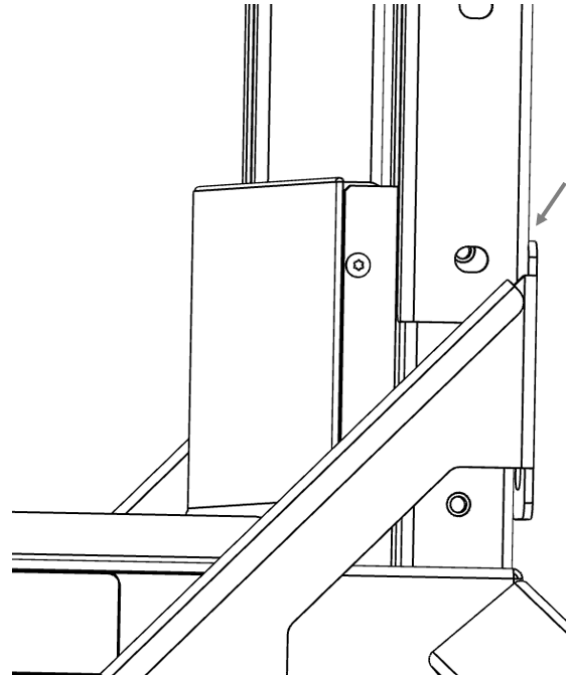

010-8837 (x1) – Hex Wrench

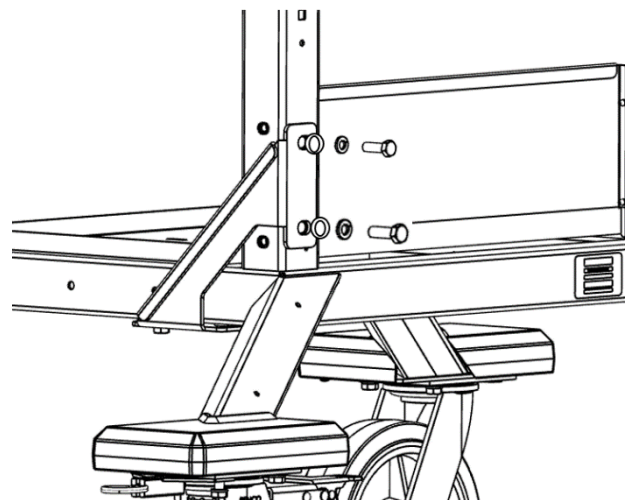

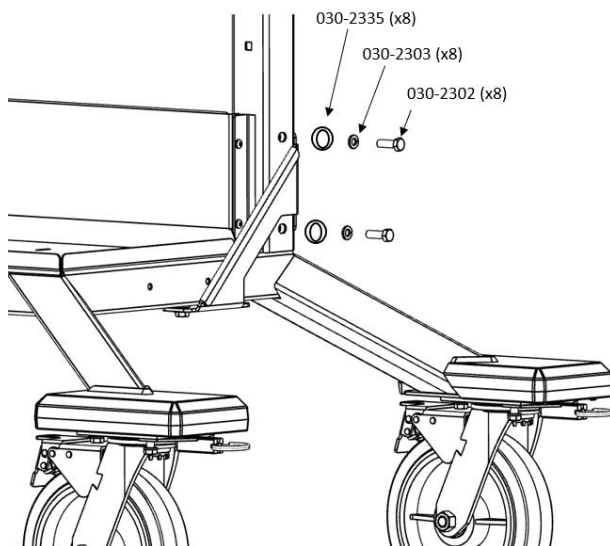

Push the “ON” tab down on the two locking casters so frame does not move.

Install the Upright on the Base by sliding it onto the two posts.

Ensure the upright slides between the mounting bracket and gusset.

Secure the uprights using washers and 1” screws; tighten with the wrench.

Note: there are eight (8) total mounting points: (2) on each side and (4) in the rear.

3. Install TV Mount to Upright

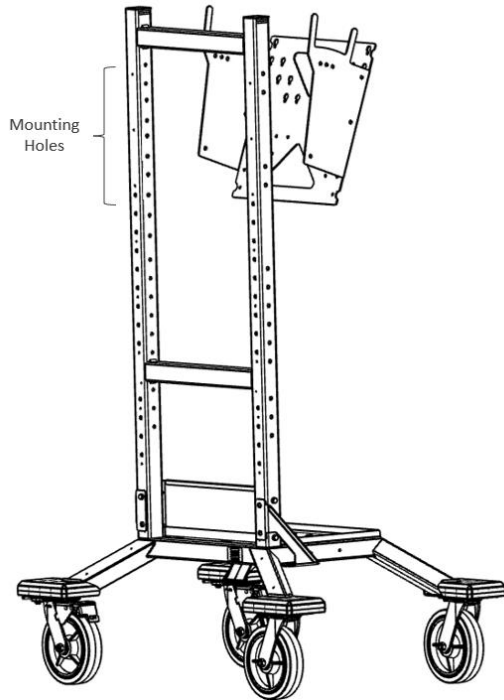

Hardware:

030-2322 (x4) – Carriage Bolts

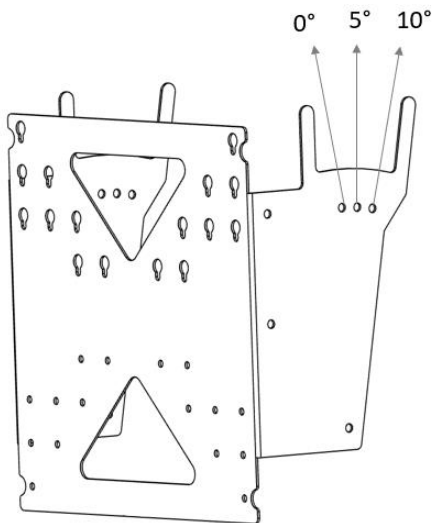

030-2323 (x4) – Lock Nuts

010-8837 (x1) – Hex Wrench

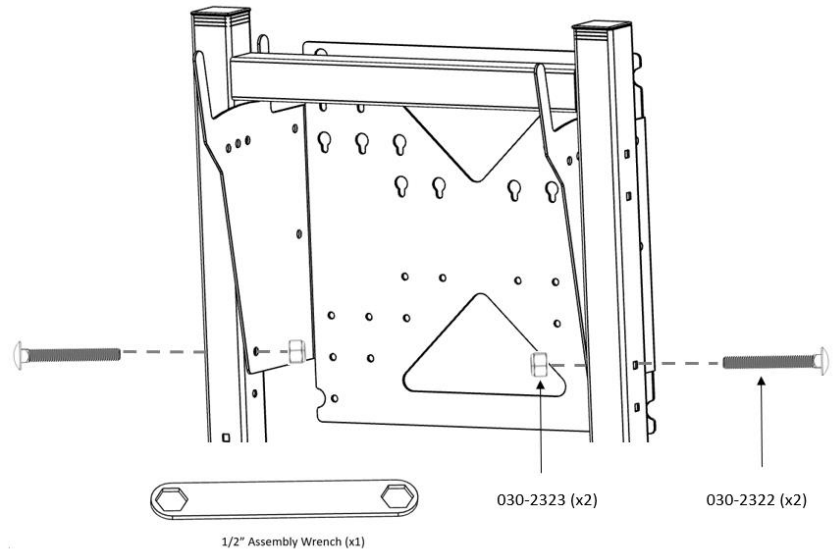

NOTE: It is recommended that 75"+ monitors go on the lower holes to prevent hitting the top of the doorway

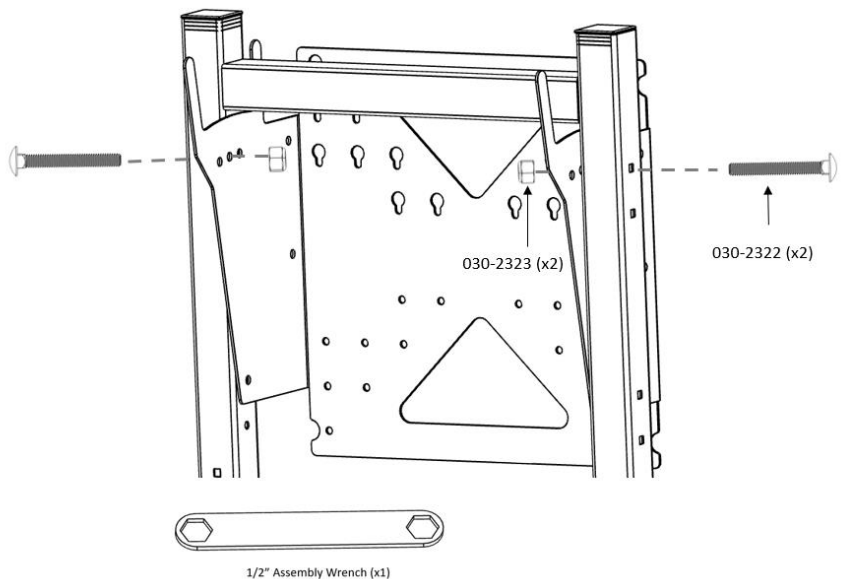

Line up bottom of TV Mount with the desired mounting holes.

Select the tilt of the monitor.

Attach with Carriage Bolts and Nuts, starting with the lower holes first.

Secure the top of the mount with Carriage Bolts and Nuts, then tighten all four with wrench.

4. Mount your TV

Hardware:

M6 or M8 Set Screws (x4)

M6 or M8 Washers (x4)

M6 or M8 Wingnuts (x4)

Caution: Two person install

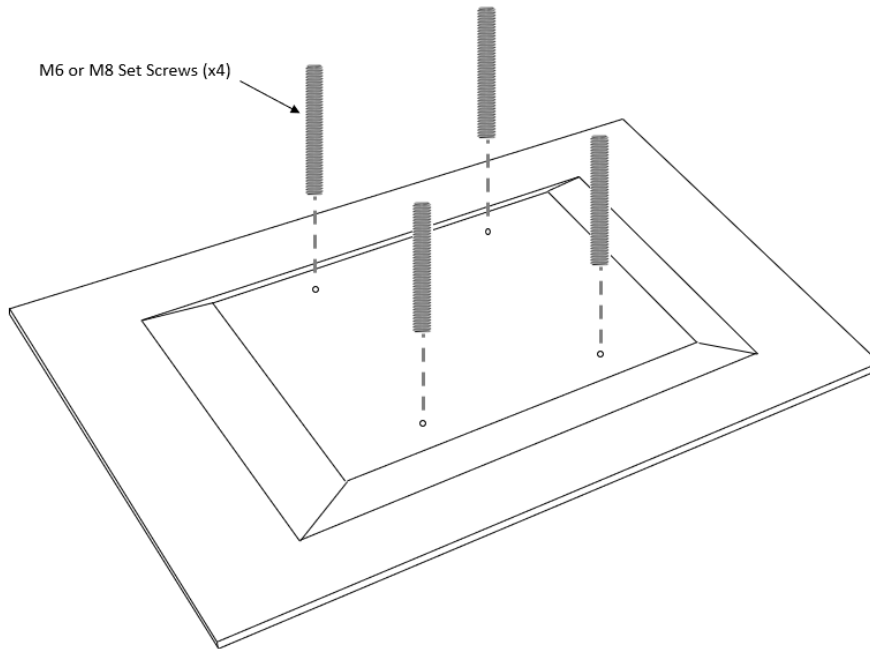

Caution: Display not to exceed 200 pounds

Caution: Ensure caster brakes are locked

Caution: Do not overtighten set screws

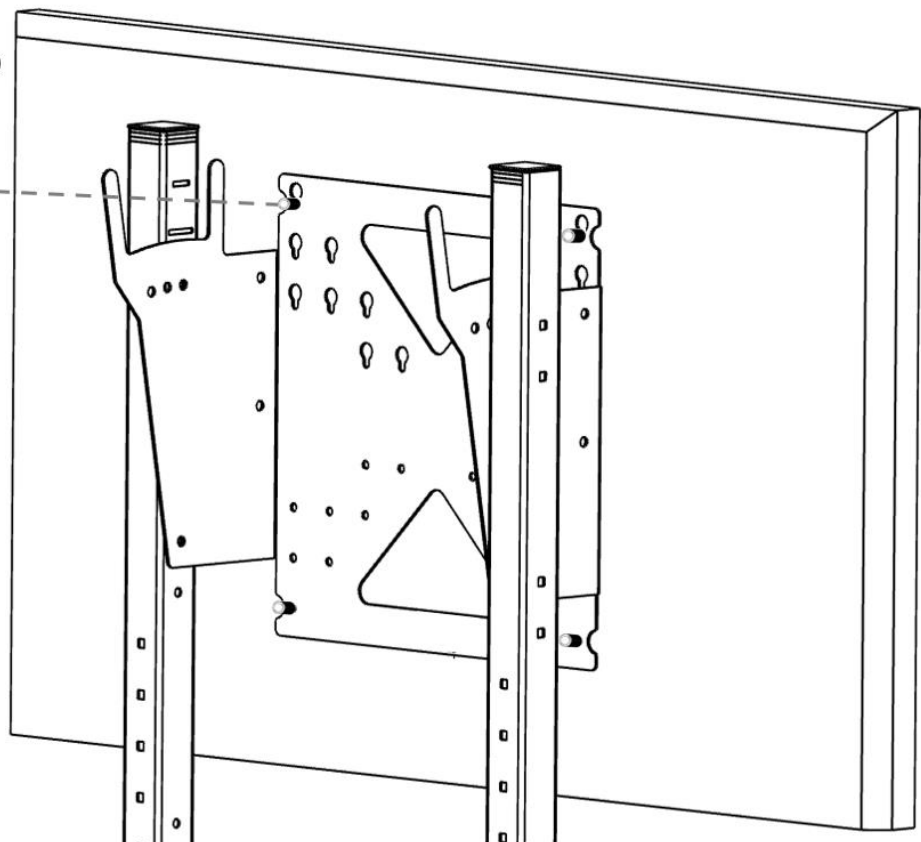

Determine the hole size on the back of the TV to be mounted – M6 or M8 – and insert the appropriately sized set screws.

M6 / M8 Wingnuts (x4)

M6 / M8 Lock Washers (x4)

M6 / M8 Washers (x4)

Secure the TV to the Mount with washers, lock washers and wing nuts (M6 or M8).

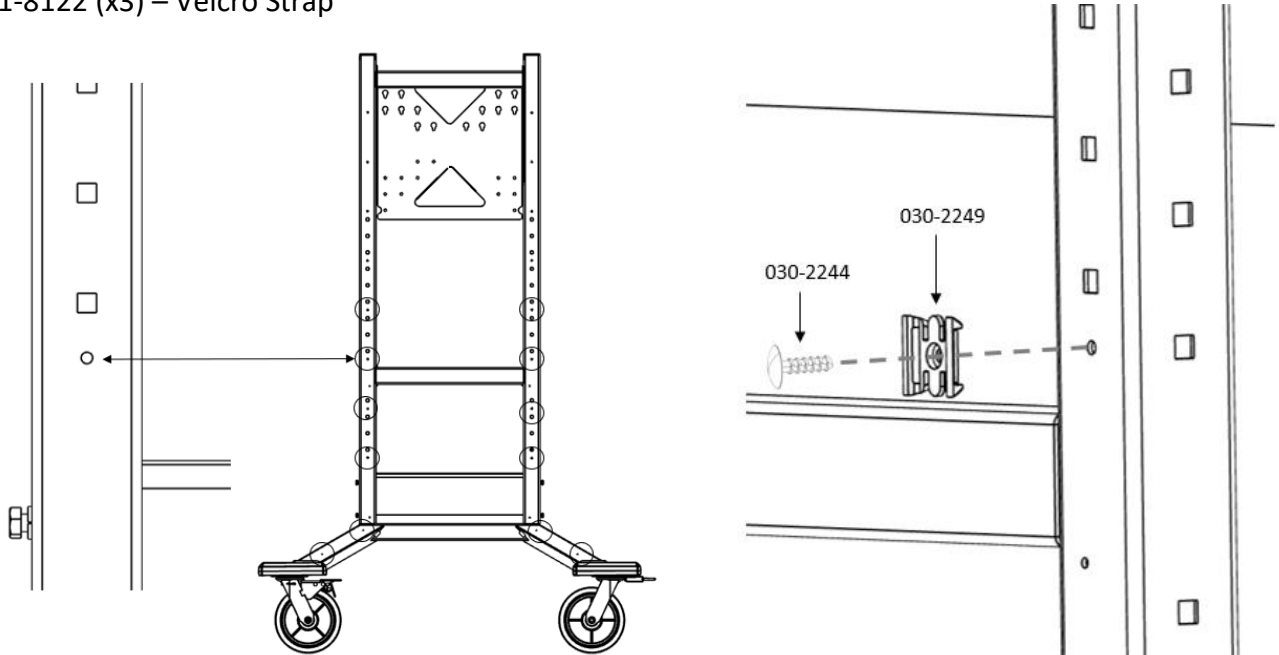

5. Manage the Power Cord

Hardware:

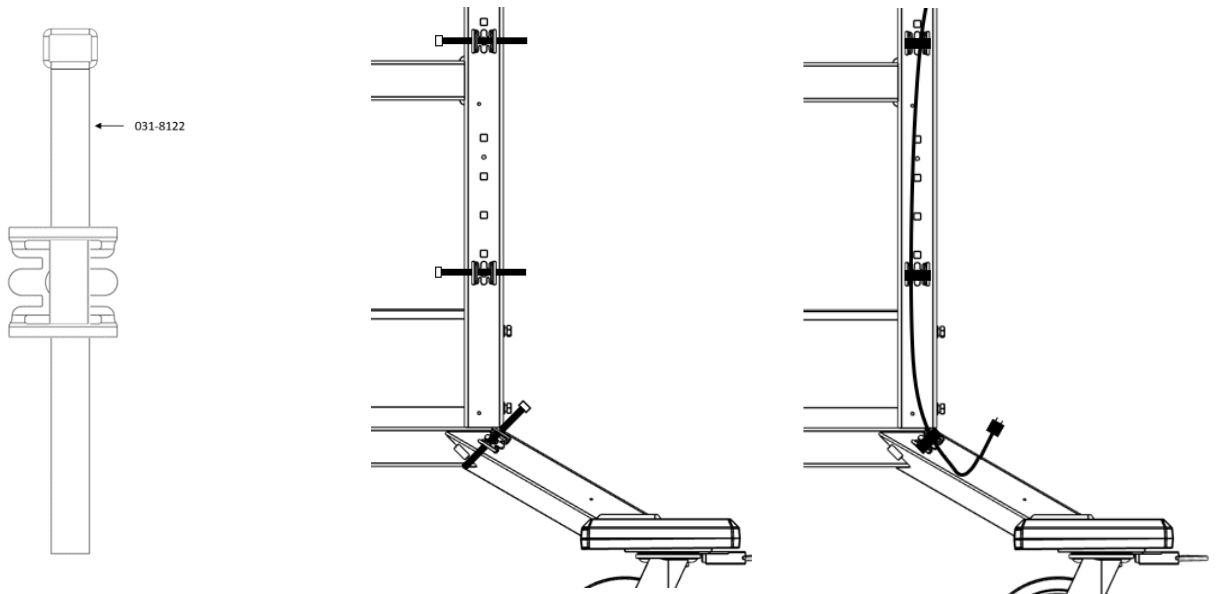

030-2249 (x3) – Cable Management Loop

030-2244 (x3) – Push Rivet

031-8122 (x3) – Velcro Strap

1. There is a series of small holes on each side of the frame for locating the cable management loops. Install loops with push rivets.

2. Slide the Velcro through the loops, route your power cord and secure it using the straps.
