

Installation and Assembly - Plasma Adapter Bracket for Panasonic® 42" Plasma Screens

Model: PLP PAN42

IMPORTANT! Read entire instruction sheet before you start installation and assembly.

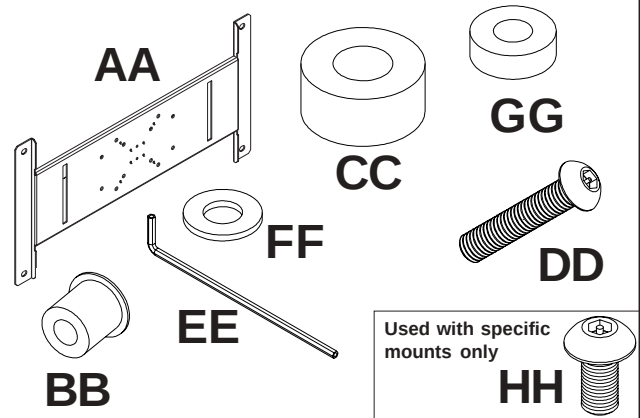

This product is UL Listed. It must be installed by a qualified professional installer.

Parts List

PART#	QTY.	DESCRIPTION
AA 201-1122	1	adapter bracket
BB 590-1115	4	1/2" OD screw insulator
CC 590-1121	4	.52 ID x .8 OD x .5 H spacer
DD 520-1152	4	M8 x 40 mm socket pin screw
EE 560-9646	1	security allen wrench
FF 540-9406	4	5/16 washer
GG 540-1002	4	.34 ID x .75 OD x .25 H spacer
HH 520-1063	4	M5 x 10 mm socket pin screw

Some parts may appear slightly different than illustrated.

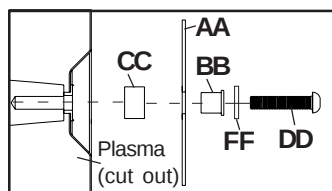

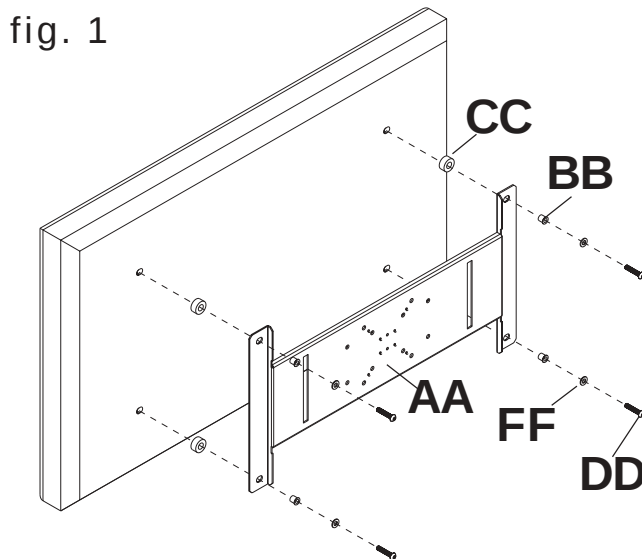

- 1 *Place four .52 ID x .8 OD x .5 H spacers (CC) inside recesses in back of plasma. Attach adapter plate (AA) to back of plasma using four M8 x 40 mm socket pin screws (DD), four 5/16 washers (FF), and four screw insulators (BB) as shown in figure 1 and detail 1. ***Note:** For Panasonic® TH42PA2OUP and TH37PA2OUP plasmas, place four .34 ID x .075 OD x .25 H spacers (GG) inside recesses in back of plasma. Attach adapter plate (AA) to back of plasma using four M8 x 40 mm socket pin screws (DD) and four 5/16 washers (FF) as shown in figure 1.1 and detail 2. Tighten M8 screws (DD) using 4 mm allen wrench (EE).

⚠ WARNING

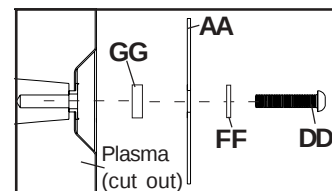

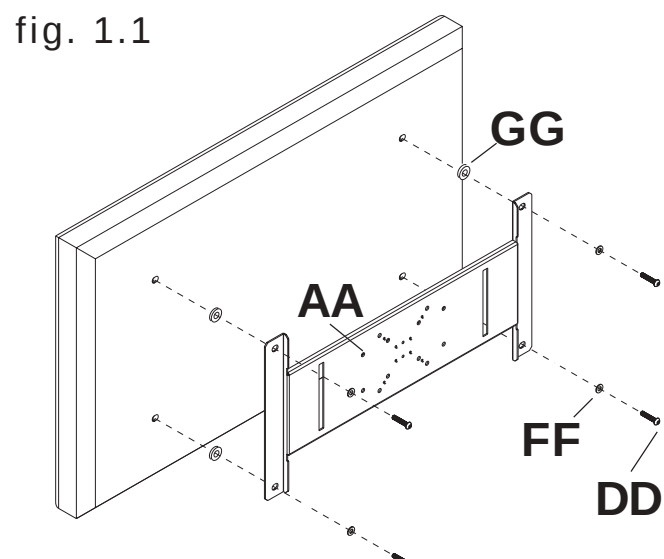

- Do not overtighten! Overtightening may cause permanent damage to the screen. Torque to 26-35 in • lb (30-40 kg • cm).
