

RUGGED HAND STRAP & PROTECTOR CASE

INSTALLATION GUIDE

1 Step

Remove the front cover by using the installation tool to open the four side clips.

2 Step

Peel the silicone top half off the hard plastic back plate.

3 Step

Put the tablet into the plastic back plate and make sure the camera fits with its opening.

4 Step

Place the silicone cover back and adjust the corners/edges to fit all ports, cameras, buttons.

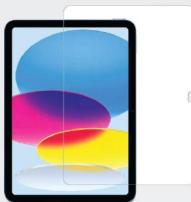

5 Step

Put the front cover back on the case, starting from the sides and clicking all clips into place.

Use the adjustable 360° hand strap to securely hold the tablet. The shockproof case also features a built-in kickstand.

Strike also offers a wide range of mobile phone and tablet holders, vehicle mounting solutions, car antennas and accessories, device protective cases and more.
