

# WIRE BINDERS

STYLISH METAL FINISH PERFECT FOR PRESENTATIONS

QUALITY OFFICE PRODUCTS SINCE 1917.

EXPERIENCE THE

# FELLOWES® DIFFERENCE

FELLOWES WIRE BINDERS  
OFFER A PREMIUM, STYLISH  
FINISH

- Great for presentations, manuals, books
- Lies flat when open for easy presenting or photocopying
- Bound pages rotate 360 degrees for easy viewing
- Securely bound metal document can not be modified

# HOW IT WORKS

- Punches 30 square holes
- Fastens with preformed metal wire
- Punched pages are placed on open wire
- Wire is crimped close to finish binding process
- Wire size varies depending on number of pages bound
- A variety of cover styles available in standard letter size with square corners, or oversize with rounded corners.

## PRE-SELECTABLE WIRE CLOSURE - FOR EASE OF USE

If binding multiple documents of the same size, the Galaxy E Wire has a pre-selectable lock control that allows you to preset the wire jaw closure to the size you need for fast, accurate repeat binding.

# PERFECT FOR...

Wire Binding is perfect for:

- Marketing agencies, sales organizations and others that want to present a premium look
- Financial companies and others that want to ensure their report isn't modified
- Schools that are looking for a secure solution for textbooks and learning materials

# HOW TO USE

- Turn the Wire machine on (if electric version)
- Determine the appropriate wire size by using the integrated document measurement device
- Hang the wire comb onto the wire comb support (Note: the wide loops get hung on the wire comb support)
- Punch your front and rear cover first
- Starting with the rear cover, load the covers onto the open wire comb (Note: your rear cover should have the textured side facing in)
- Punch and hang the remaining sheets
- Lift the wire comb off the support hooks
- Place the wire with the open wire side facing down into the wire closing mechanism
- Close the wire closing jaws until the wire gauge shows the size of the wire you are trying to close
- Remove the document and flip the back cover over so the textured side is facing outwards and the crimped side of the wire comb is hidden

## TIP:

*If binding multiple documents of the same size, the Galaxy E Wire has a pre-selectable lock control that allows you to preset the wire jaw closure to the size you need for fast, accurate repeat binding.*
