1U 17" Rackmount LCD Console - USB + PS/2

StarTech ID: RKCONS1701GB

The RKCONS1701GB 1U 17" Rack Mount LCD Console provides a complete keyboard, video and mouse control point, integrated neatly into only 1U of rack/cabinet space - providing complete KVM control right from a server rack.

Offering a durable, compactable 1U design, when the rack console is not in use it's as simple as folding the display like a laptop computer, and sliding it back into the server rack on the sturdy mounting rails (included). The included key lock provides an added security layer, helping to reduce unauthorized access to connected computers.

Offering consolidated control from a convenient location, the KVM rack console can be connected to virtually any multiport KVM switch, for control of multiple servers/computers, providing a scalable KVM control solution that lets you determine the type of KVM switch to use based on function and budget.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.
