

## 6in SATA Power Y Splitter Cable Adapter

StarTech ID: PYO2SATA

This SATA power splitter cable features a SATA male power connector that connects to a single computer power supply SATA connector, and breaks out into two SATA power connectors.

The SATA power splitter/Y-cable overcomes the limit of the number of SATA drives that can be installed in the system based on available PSU power connections, and eliminating the cost of having to upgrade the power supply to accommodate an additional SATA drive.
