

Wallmount Patch Panel Brackets

**Rack 'em up with
these easy-to-install,
easy-access brackets.**

FEATURES

- » All models are constructed of steel.
- » Choose a bracket with hinged lips, one hinged 2" (5.1 cm) from the front, or one that's hinged at the base.
- » Universal left- or right-hinging design.
- » Accommodate standard 19" equipment.
- » Mounting holes on 16" centers for easy mounting to wall studs.
- » M5 cage nuts and screws included.

JPM058-R2: Panel swings out at base.

JPM054-R2: Hinged lip swings out for easy access.

JPM080-R4: Lip is hinged 2" from the front.

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p.m. and you need help, but your vendor's tech support line is closed.

According to a survey by *Data Communications* magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application. Don't waste time and money—call Black Box today.
