

Only Authentic Canon Laser Cartridges have been created with a full understanding of the advanced i-SENSYS system.

This ensures superior quality results time after time. The i-SENSYS system, incorporating the **Authentic Canon Laser Cartridge**, delivers a superior quality printing experience and lasting peace of mind.

Embargo Date: 1 February 2010
Sales Start Date: March 2010

719 and 719 H (high capacity) toner cartridges are mono laser cartridges for the following i-SENSYS laser printers:

**LBP6300dn, LBP6650dn
MF5840dn, MF5880dn**

- **Authentic Canon Laser Cartridges** are better for your business and better for the environment.
- The integrated **Authentic Canon Laser Cartridge** gives you reliable high quality prints and the unique 'EF' & 'S' toner gives you smudge and shine free copies that can be written on immediately.
- **Authentic Canon Laser Cartridges** are fully RoHS compliant, meaning that no hazardous substances are used.
- Canon's efficient packaging together with an integrated re-cycling programme means zero landfill and significant CO₂ emission reduction.
