

LCD Cleaning Kit

Alcohol-free, Includes Cleaning Solution and Anti-microbial Cloth, Lavender Scent
Part No.: **404310**

Scented gel solution helps keep surfaces clean to restore brightness and clarity. The Manhattan LCD Cleaning Kit gently cleans and removes dirt, fingerprints and smudges from most LCD surfaces, making it ideal for use with flat-panel displays, TVs, notebook computers, tablets and other electronics and computer peripherals. The non-aerosol, lavender scented gel solution safely cleans without harsh solvents or abrasives. A soft, lint-free anti-microbial microfiber cloth gently eliminates fingerprints and smudges from delicate surfaces and destroys microbes on contact to protect against bacteria, fungi and other microorganisms.

Safe and Alcohol-Free

For best results, spray cleaner onto microfiber cloth, gently wipe then quickly dry any excess liquid from LCD surface. Safe for frequent use on LCD surfaces to help restore and maintain brightness and clarity. Manhattan does not recommend that cleaning solution be directly applied to any LCD surface. Not recommended for use on anti-glare, privacy or polarized materials.

Features:

- Safe for use on LCD surfaces — helps restore and maintain brightness and clarity
- Ideal for use with flat-panel displays, notebook computers, handheld devices and more
- Non-aerosol, gel cleaner with pleasant lavender fragrance removes fingerprints and smudges without harsh solvents
- Soft, lint-free anti-microbial microfiber cloth cleans, dries and polishes for a clear, non-streak finish

Specifications:
