ACCENT COLLECTIONS

TUCSON COLLECTION

TIMELESS ACCENTS

Our Accent Collection contains several groups with different aesthetically styled details to allow anyone to select the best fit for their home environment. All are produced using rich solidwoods and veneers with an excellent finishing process. Many of the items are either transitional or traditional styling, but there are items you can mix and match for an eclectic room décor. Each group ranges items from foyer tables to coffee table to end tables, but there are those items that don't have a distinct location in the home, just the end users own personal touch on placement.
