

## **0.65m Apple® Dock Connector or Micro USB to USB Combo Cable for iPod / iPhone / iPad**

*StarTech ID: USB2UBADC1M*

The USB2UBADC1M Apple® Dock Connector/Micro USB to USB Combo Cable (0.65m) offers a simple and reliable solution for connecting Micro USB or iOS-enabled mobile digital devices to your computer, for syncing or charging.

For charging your devices and syncing data between your computer and your iPhone®/iPad®/iPod® or Micro USB devices, the cable features a combination Micro USB connector and Dock Connector on one end, and a standard USB male connector on the other, enabling you to connect directly (or through a dock) to a computer USB port. Or, to simply charge the device, connect it to a USB wall outlet power adapter.

Backed by Lifetime Warranty, this high quality USB Cable for mobile digital devices is designed and constructed for maximum durability, making it a dependable replacement for damaged or misplaced sync cables.

### **Applications**

- Replace a damaged or misplaced USB cable for your iPhone®/iPad®/iPod® or Micro USB mobile digital devices
- Purchase an additional cable to have on hand for syncing/charging your Apple® or Micro USB devices from a secondary location

### **Features**

- Durable construction
- High quality connectors, suited for repeated connections/disconnections to/from your iPhone®, iPod® or iPad® and Micro USB devices
