

STACKABLE TO SAVE SPACE, EASY FILE ACCESS TO SAVE TIME

Before

After

No more caved-in, messy boxes, endless box shifting, or lengthy file searches. Bankers Box® Storage Drawers offer proven strength, stack vertically to save floor space, and provide easy file access for convenient on-site storage that you never need to stack or restack.

BENEFITS OF DRAWERS

MAXIMIZING FLOOR SPACE CAN HELP REDUCE STORAGE COSTS.
Drawer systems stack vertically to maximize floor space with minimal investment. This is important as floor space is likely the largest part of your storage costs.

LOOKING FOR A WAY TO AVOID OFF-SITE STORAGE COSTS?
Since 95% of records activity occurs within the first 3 years, storing records on-site in accessible drawer systems during this time avoids off-site storage/retrieval costs.

FIND WHAT YOU NEED WHEN YOU NEED IT.
Drawer systems cut file retrieval time in half since they offer the accessibility and convenience of a file cabinet!
