

## Quick to the punch.

The **TTEZ Proximity Time Clock System** simplifies and automates employee time and attendance. The system uses RFID proximity badges to instantly record employee punches. Manages weekly, bi-weekly, semi-monthly, or monthly pay periods. Includes TimeTrax™ time and attendance software download and 15 proximity cards. Edit employee time cards and run reports, including *Time Card, Attendance, Employee Punch, Detail Payroll, Employee Detail, Hourly Summary* and *Employee Seniority* reports. Automatically calculates employee hours, overtime and holiday hours. Creates export files for most major payroll provider, including *ADP®, Fidelity®, Heartland®, Pay-Chex Preview®*. Directly syncs with *Quickbooks®*. Simple to setup and easy to expand with employee upgrade packages, additional proximity badges, and/or *PPDLAUBTN EZ Proximity Add-On Time Clock Terminals*.

- Reads Radio Frequency Identification (RFID) proximity badges and key fobs
- Audible beep and card number screen display confirms successful employee punch
- Eliminates need for paper time sheets or time cards
- Includes TimeTrax™ time and attendance software download and 15 proximity badges
- Automatically downloads employee punches to PC software
- Accommodates up to 500 employees with *Employee Upgrades* and additional *Proximity Badges*<sup>1</sup>
- Enables employee time card editing
- Features payroll reports
- Manages weekly, bi-weekly, semi-monthly or monthly pay periods

<sup>1</sup>TTEZPROX (PPDLAUBKN) kit includes terminal, RJ45 cable. UL power supply, 50-employee software download package & 15 proximity badges. Employee software upgrades, key fobs, additional proximity badges & additional terminals sold separately.
