FEEL THE BEAT NOT THE BURN SWIM WITH MUSIC

RINSABLE

Engineered with sports in mind, X-1 headphones can be rinsed after every use for a fresh, clean fit.

REFLECTIVE CABLE FOR SAFETY

The Momentum line from X-1 features headphone cords made with reflective material, giving you the freedom to enjoy a worry-free, safe workout while running at dusk or at night.

WEATHERPROOF SWEATPROOF

Designed by athletes to withstand heavy perspiration, X-1 offers sweatproof headphones that don't quit until you do.

ALLOWS AMBIENT NOISE FOR SAFETY

Fuel your workout with the power of music while remaining fully aware of your environment. X-1 headphones let in ambient noise so you can enjoy a safe workout in any location or terrain.

SUBMERSIBLE WATERPROOF

Built with 10+ years of patented H2O Audio technology, X-1 offers products that will withstand rain, sleet, snow, and humidity, and can be submerged up to 12 feet (3.6m) underwater, guaranteed.

TOUCHSCREEN & CAMERA FRIENDLY

X-1's waterproof cases include a ClearTouch pouch that keeps your smartphone or camera fully functional in and out of the water.

SECURE FIT FOR ATHLETES

X-1 headphones and cases are built with a secure comfortable fit, so they stay put no matter how rigorous the workout or physical activity.

SUBMERSIBLE WATERPROOF MIC

X-1's innovative in-line waterproof microphone and one-touch answer/end button give you convenient access to phone features under any conditions.

WATERPROOF TECHNOLOGY (IPX RATING)

Ingress Protection (IPX) Ratings provide an internationally-recognized standard of measurement for terms like "waterproof" by measuring the protection of casings or electronic equipment against liquids. With safe and reliable submersion up to 12 feet (3.6m) underwater, X-1 headphones and armbands have ratings that range from IP4 all the way to IP8, the highest measure of water protection.

GUIDE TO IPX RATINGS:

IP4

SPLASHING WATER

Product can withstand splashing against its enclosure for up to 5 minutes.

IP7

IMMERSION UP TO 1M

Product can withstand immersion in water at a depth of 3.6 ft / 1m for up to 30 minutes.

IP8

IMMERSION BEYOND 1M

Product can withstand continuous immersion in water at a depth greater than 3.6ft / 1m for any length of time.
