

TIMBUK2

Fall 2014 Ingram Micro Assortment

TIMBUK2

Timbuk2 is the pioneer of the messenger bag, founded in 1989 by a San Francisco bicycle messenger using little more than an old sewing machine. We were born in a garage and bred on the backs of messengers in the city streets. For over 20 years, we've been building bags and accessories for urban adventures with a simple philosophy – create good-looking, tough-as-Hell bags.

Timbuk2 bags are built to last & carry a lifetime warranty.

Timbuk2 is a Mapped line
