

Nano USB with OTG Micro Adapter

For OTG Compatible Smartphones

Verbatim's Store 'n' Go Nano USB Drive with USB OTG Micro Adapter makes it easier than ever before to transfer files to and from your USB On-The-Go compatible tablet or smartphone.* Simply plug the Nano USB drive with Micro USB adapter into your OTG compatible device, and you're ready to start uploading or downloading files.

Available in 16GB and 32GB capacities, the Store 'n' Go Nano USB Drive with OTG Micro Adapter allows you to quickly and easily back up photos or access content directly from the USB drive, freeing up precious space on your smartphone or tablet. For added flexibility, the Nano USB drive functions as a standard USB 2.0 drive when the adapter is not in use.

- Easily transfer or offload files from your USB On-The-Go compatible smartphone or tablet to the Nano USB drive
- Easily transfer content between your smartphone/tablet and/or your PC.*
- Access stored content directly from the Nano USB drive using your smartphone/tablet - no need to transfer files and tie up memory space on your mobile device.
- Nano USB drive doubles as stay-in storage for your laptop or USB equipped car stereo
- USB 2.0. Also compatible with USB 3.0 ports
- Limited lifetime warranty

System Requirements:

- USB OTG Compatible Smartphone or Tablet with micro-B USB port.*
- The Nano USB can be used without the Micro Adapter in any PC with USB 2.0/3.0 ports and is supported on Windows 8, 7, Vista, and XP, Mac OS X 10.4 and higher, and Linux kernel 2.4.0 and higher operating systems.

| Part # | Description |
|--------|--|
| 49821 | 16GB Nano USB Flash Drive with USB OTG Micro Adapter |
| 49822 | 32GB Nano USB Flash Drive with USB OTG Micro Adapter |

* Refer to your device's user manual to determine if your device supports USB On-The-Go mass storage.
