

# i-SENSYS range for Mobile working

A Canon i-SENSYS multifunction printer is positioned on a white desk in a bright, modern office. The printer is white with a dark blue top section and a paper tray. It is surrounded by various office supplies, including a computer monitor, keyboard, mouse, and several colorful folders. A large potted plant is visible on the left side of the desk. The background shows a window with horizontal blinds and a comfortable-looking office chair.
