SPK-C800-PRO

Complete K-coverage ESD™ (Equal Sound Dispersion) Ceiling Speaker

The SPK-C800-PRO is an innovative, patent pending Kramer Complete K-coverage ESD™ ceiling speaker. It is the only speaker in the industry with built-in stereo separation. Constructed with a central driver and four pivoting tweeters in a sealed enclosure, the Kramer Complete K-coverage ESD™ provides unmatched sound response for both voice and music in a suspended ceiling device for the professional market.

FEATURES

- Complete K-coverage ESD™ - Patent pending design with 4 pivoting tweeters direct the sound, based on the room environment, for equal sound dispersion (ESD).
- Wide Sound Dispersion - 180° range.
- Minimizes Speaker Installation - One Kramer ESD speaker replaces multiple standard speakers for quick and easy installation.
- Excellent Bass Response - Optimized for music and high-quality voice reproduction.
- Tweeters - 4 pivoting 3/4" 6Ω with silk domes.
- Woofer - 8" 8Ω polypropylene cone.
- Power Rating - 40W RMS.
- Smooth Frequency Response.
- Depth - Shallow 4" (approx. 100mm).
- RoHS Compliant.
- UL Listed - UL2043 – Fire test for heat and visible smoke release for discrete products and their accessories installed in air-handling spaces.
- Choice of Models - Size: full tile: 60cm x 60cm (24" x 24") or half tile: 30cm x 60cm (12" x 12"), stereo or mono.
- Accessories - Installation bracket (for half-tile only).
- Package - 1 speaker, template and user manual.
