

Microsoft® Surface™ Pro 3 HDMI VGA and Gigabit Ethernet Adapter Bundle – MDP to HDMI / VGA – USB 3.0 to GbE

StarTech ID: MSTP3MDPUGBK

The MSTP3MDPUGBK Accessory Bundle for the Microsoft Surface Pro 3 is an add-on accessory kit containing three StarTech.com adapter products that let you extend the display and network capabilities of your port-limited tablet.

The kit contains both a Mini DisplayPort to VGA and a Mini DisplayPort to HDMI adapter, which lets you connect your Microsoft Surface Pro 3 (or similarly configured tablet) to an external display or projector through Mini DisplayPort. Also included is a USB 3.0 to Gigabit Ethernet Adapter, which adds wired network support and offers the added benefit of an integrated USB pass-through port to keep your USB 3.0 port available for other peripherals.

Though extremely portable, tablets often lack the necessary ports to connect to various desktop displays/projectors and wired networks when traveling between boardrooms, home / remote offices, trade-shows, hotels and conference centers. Perfect for hot-desking, or as a more portable alternative to a Surface Pro 3 docking station, we designed this bundle of tablet accessories to provide the missing connections most commonly needed among mobile users, to prepare you for almost anything.

Package Contents:

- Mini DisplayPort to VGA Adapter (MDP2VGA)
- Mini DisplayPort to HDMI Adapter (MDP2HDMI)
- USB 3.0 to Gigabit Ethernet Network Adapter w/ USB Port (USB31000SPTB)

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Applications

- Add additional display connector support to your Microsoft Surface Pro 3 or similar tablet
- Add a wired Gigabit network connection without sacrificing your USB 3.0 port

Features

- Includes 1x Mini DisplayPort to VGA adapter, 1x Mini DisplayPort to HDMI adapter, 1x USB 3.0 to Gigabit Ethernet adapter w/ USB pass-through port
- Mini DisplayPort adapters support PC resolutions up to 1920x1200 and HDTV resolutions up to 1080p
- USB 3.0 Gigabit NIC supports Jumbo Frames, 802.1Q VLAN Tagging, Auto MDI/X, Checksum Offload (IPv4, IPv6, TCP, UDP) and Large Send Offload
- Compact, lightweight adapters for maximum portability
