

# Lenovo H30/50

## POSITIONING STATEMENT

The affordable Lenovo H30 and H50 desktop PCs combine the latest dual and quad-core processors for fast, responsive performance with advanced multimedia features designed for the whole family. Featuring up to NVIDIA or AMD graphics and 5.1 surround sound capabilities, the H Series desktop PCs deliver an immersive visual and audio experience when enjoying HD videos, photos and browsing the web. The Power DVD software and integrated DVD reader/writer add to the full home entertainment experience, while USB 3.0 moves data quickly between the H Series and other devices. With the Lenovo Rescue System, users can rest assured that their multimedia library is safe and secure, thanks to easy-to-use back-up, restoration and recovery capabilities.

For those with limited space, the H30 features a slim, space-saving design, at just half the size of a standard PC, while packing the same processing power as the H50 desktop PC.

## KEY FEATURES

- Up to 4<sup>th</sup> Gen Intel® Core™ i7 processor or AMD Kaveri A10 for fast, responsive performance
- Advanced NVIDIA® GeForce® or AMD Radeon™ graphics
- Enhanced home entertainment capabilities with 5.1 surround sound support and integrated DVD reader/writer
- Comfortable and accurate typing with the Lenovo AccuType keyboard, available in wired or wireless options
- The latest high-speed connectors, including USB 3.0, HDMI-out, 7-in-1 card reader and optional Bluetooth 4.0 and Wi-Fi
- Lenovo Rescue System offers a simple way to back-up OS data and files to an internal or external hard drive
- Lenovo Assistant lets users organize and clean up files while managing the PC's network connections and energy consumption
