

blunote 2™

PORTABLE WIRELESS BLUETOOTH® SPEAKER

Pair with your A2DP devices for **Dynamic Sounding Music**
Take or Make Phone Calls when paired with your cell phone

- Listen to your saved music from your *Bluetooth®* enabled smart phone (iPhone or Android), iPad or Android tablet, PC/Mac with our next generation portable, high quality speaker.
- The high quality microphone allows you to take and make calls when paired with your smart phone.
- Advanced Audio Distribution Profile (A2DP) for high fidelity *Bluetooth®* wireless audio.
- Passive Bass Radiator provides deep, rich, bass tones for a more powerful sound.
- Did we mention it's really loud? You'll be surprised at how much sound such a small speaker can generate without any distortion (2 x 5W, two channel).
- Rechargeable 1000 mah Lithium battery for long playing enjoyment. Take it with you!
- Pause/Play/Answer Call, Next Track, Back Track and Volume controls on the top of the unit so you can control your music from either Blunote 2™ or your *Bluetooth®* enabled device.
