

## 2.5" Hot Swap Hard Drive Tray

StarTech ID: SATSASTRX25

This 2.5" hard drive tray lets you add even more flexibility to how you manage your data storage with the SATSASBP425 and SATSASBP125 series backplanes.

### Convenient, interchangeable drive tray

This spare drive tray can help you save time in a fast-paced work environment. It's interchangeable with trays from the StarTech.com [single-bay backplane](#) (SATSASBP125) and the [four-bay backplane](#) (SATSASBP425), giving you an extra tray in addition to the trays you're already using, to create expandable storage or as part of a rotating back-up solution.

### Easy compatibility

The drive tray supports both SAS and SATA 2.5" drives, ranging from 5 to 15mm in height. To maximize the performance of your hard drives, the single and quad-bay backplanes support SAS II and SATA III enabling file transfer speeds up to 6 Gbps when paired with a compatible controller.

### Vented metal design for durability

The durable aluminum drive tray is designed for long-lasting performance. The venting helps to ensure proper air flow and maximize heat dissipation, to help keep your drives running at optimal temperatures.

The SATSASTRX25 is backed by a StarTech.com 2-year warranty and free lifetime technical support.
