

Carrier 30 Cart™

Universal,
secure solution
to charge, store,
and transport
up to 30 devices

Shared Use. Baskets by LocknCharge enable devices to be shared by multiple students or classrooms with ease. Ideal for Shared Use deployments.

Extremely Portable. Baskets enable devices to be distributed in a fraction of the time compared to a traditional cabinet style cart.

Lifetime Warranty. LocknCharge products are built to last.²

Top Sliding Lid Doubles as Work Surface. With a single handle design, the secure lid can be used as a work surface in space-strapped classrooms.

Efficient Charging. With ECO Safe Charge, the Carrier 30 Cart is capable of charging up to 30 devices simultaneously.

Style Meets Functionality. For better work flow, the Carrier 30 Cart features a sliding top lid so that devices can be accessed faster, easier and by more users at once.

Secure. After a day of use, lock the sliding top lid and attach the optional heavy duty anchor kit for securing the Cart while it's not in use.

Exterior Charging Status Display. Easily know the charging status of your devices without opening the cart.

It just makes life easier.

Designed to go where others can't. Stairs, rough terrain or want to split your set of devices? It's now easier with 5-slot Baskets by LocknCharge. Baskets by LocknCharge are designed to make deployments of devices faster and safer, so that Teachers and IT Administrators can focus on creating an engaging learning environment.

- Durable and lightweight construction.
- Compatible with almost any device with or without cases up to 13 inches.

Cable management is easy in the Carrier 30 Cart. Side channels keep wires in place and make wiring simple. Included Velcro ties allow you to organize cables into groups of five to coordinate with included baskets.

External Charging Status Display. Easily know the charging status of your devices through an external display of the EcoSafe Charging System. No need to wonder if your cart is on and working.

Lid Doubles As Work Surface. The single handle design allows the top surface of the cart to be used as a work surface. Serving as an ideal space to place baskets of devices for easy distribution, the surface can also easily keep a projector, printer or other items on top of the lid in space-strapped classrooms.

Syncing. Need syncing? A Carrier 30 Sync and Charge Cart is also available.
