

TSS83905 | Targus 13" Groove X Slimcase for MacBook®

Inspired with a blend of style and substance, designed specifically for Apple, the latest Groove X Series for MacBook® brings new meaning to the world of carry. Carefully chosen with high quality two-tone cross dyed polyester, the Targus Groove X Slimcase intends to protect up to 13" MacBook® Pro with Retina Display. The case is with water resistant finish and with wear- and water-resistant bottom. It provides the perfect solution for someone looking for a protective, yet compact and light case. The case features a 13" padded cradle with velvet anti-scratching lining, which allows easy slide in and out and free from dust or scratches. In addition, the MacBook® is protected by the foam padding around the edges, to prevent damage to the sides and corners. Documents and/or iPad® can be stored in the main pocket. The front stash pockets with advanced workstation, and the back filing pocket provide convenient storage. This new case also features a hide-away & secret pocket. It is designed to neatly keep the double handles when not in use, or to be used as a small storage pocket with a secure button closure. The Slimcase can be moved around multiple ways: using the hideaway carry handles, or the detachable shoulder strap, or secured on a trolley. Available in a variety of colors and styles, the Groove X Series offers a fresh and smart appeal to enhance your mobile life.

Wear and water-resistant bottom
