SQUARE WICKER PATIO HEATER

Take control your outdoor climate with the 7 ft. wicker patio heater from Hanover. This model is perfect for those who enjoy hosting outdoor events. With a push of a button you can ignite the propane patio heater and instantly warm your guests with 48,000 BTUs of radiant heat. It features a state-of-the-art construction for outdoor endurance as well as a brown wicker base that coordinates well with existing décor.

The base is woven with durable resin straps that protect the 20 lb. propane and its square shape doubles as a convenient side table to rest beverages and other small items on. The top of the heater includes a control dial that allows you to adjust the heat output from Low to High settings. The steel and hardware are coated in stainless steel or bronze finish options for further protection and style.
