**Creative public spaces.** The sleek lines of the Eve Collection take shape from the desire to provide a contemporary solution to reception areas, waiting rooms, open plan team areas, lobbies and training rooms.

# Elegant

## Making First Impressions

Combining metal, wood and upholstered elements, the Eve Collection Lounge delivers form and aesthetic relevance. Linear chairs, loveseats and sofas along with one-, two- and three-person benches are also included in the Eve Collection. Each one has the option of upholstered or brushed aluminum arms on either or both ends. Alternate armless chairs and club chairs with arms for a comfortable and stylish collaborative area.

## Occasional Tables

The Eve Collection includes rectangular, oval and round occasional table solutions. Each style is offered with laminate tops or fully upholstered top options. The oval occasional table can be specified with metal spacers to achieve a floating top aesthetic.

# Touchdown

## Open Space Collaboration

Large, open public spaces offer the opportunity for various work styles to coexist. Eye curved banquettes promote private conversations or necessary solitude within any gathering space. Optional rear shelf surfaces increase the seating/work area without requiring additional furniture. Flex collaborative products redefine modern touchdown spaces.
