

# HyperX Cloud Alpha Pro Gaming Headset

## More Chambers for Less Distortion.

HyperX™ Cloud Alpha's groundbreaking Dual Chamber Drivers design will give your audio more distinction and clarity by reducing the distortion. The dual chambers separate the bass from the mids and highs, allowing optimal tuning for cleaner, smoother sound. The Cloud Alpha headset builds upon HyperX's foundation of signature award-winning comfort with premium red memory foam, expanded headband and softer, more pliable leatherette. The aluminum frame is built for long-lasting durability, and per player request, Cloud Alpha also features a tough, detachable braided cable. The detachable noise-cancellation microphone is certified by Discord and TeamSpeak™, ensuring you'll have great team communication. It's multi-platform compatible with in-line audio controls, so serious gamers on PC, PS4™, Xbox One™ and other platforms with a 3.5mm port will benefit from the bold sound of the Cloud Alpha evolution.

- HyperX Dual Chamber Drivers for more distinction and less distortion
- Signature Award-Winning HyperX comfort
- Durable aluminum frame with expanded headband
- Detachable braided cable with convenient in-line audio control
- Detachable noise cancellation microphone
- Discord and TeamSpeak™ Certified
- Multi-platform compatibility

# HyperX Cloud Alpha Pro Gaming Headset

## FEATURES/BENEFITS

### Custom 50mm Dual Chamber Drivers reduce distortion

Separation of bass frequencies from the mids and highs provide more accurate and smoother in-game audio.

### Ultimate comfort for prolonged gaming

Over-ear design with award-winning, premium quality signature red memory foam complemented by an expanded headband and softer, more pliable leatherette.

### Long-lasting aluminum frame

Aluminum frame construction for durability and stability.

### Convenient in-line audio controls

Audio controls conveniently situated on right side of detachable braided cable for easy volume adjustment and mic muting.

### Ultra-portable design with detachable cable

Reduces storage bulk and potential cable damage.

### Detachable noise-cancellation microphone

It's easy to plug in for gaming use or unplug for music-only purposes.

### TeamSpeak™ and Discord certified so you'll be heard loud and clear

HyperX Cloud Alpha is certified by TeamSpeak and Discord and compatible with Skype, Ventrilo, Mumble and other VOIP programs.

### One headset for virtually all platforms

The versatile Cloud Alpha is designed to work on PC, PS4 Pro™, Xbox One S™, Nintendo Switch, and other platforms with a 3.5mm port.
