

# Model 7000-Switch

Dual LCD Arm with Vertical/  
Horizontal Positioning

Horizontal/vertical positioning

Monitors pivot independently for  
landscape or portrait viewing

**S**ave valuable desk space by mounting two monitors to a single mount.

With the 7000-Switch, both monitors will float above your desktop, allowing you to quickly and easily adjust monitor height and position. Monitors can be positioned either side-by-side or one above the other.

Our adjustable wing bracket allows you to adjust monitors, and also allows rotation. The 7000-Switch incorporates cable management, keeping your work space clean and organized.

## FEATURES

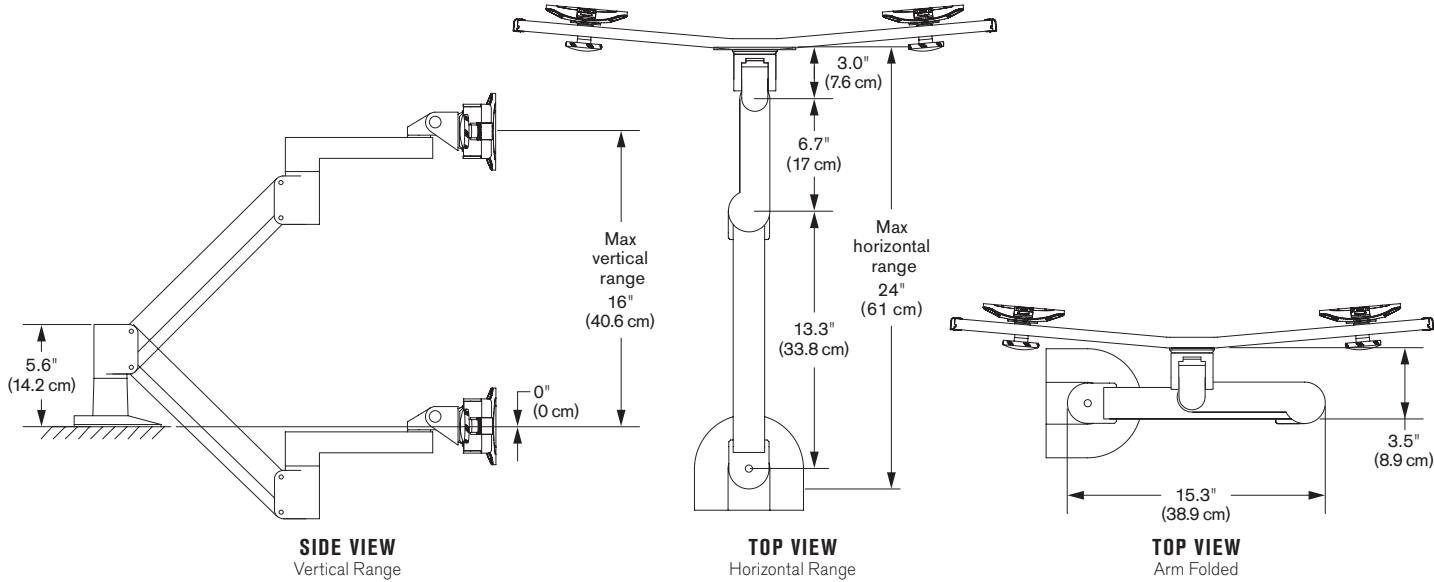

- ▶ Gas arm "floats" monitors above desktop for instant height adjustment.
- ▶ Monitors can be positioned horizontally (side-by-side) or vertically (stacked one over another).
- ▶ Includes FLEXmount™ – six different mounting options in one kit.
- ▶ Quick-install/quick-release mechanism instantly and securely snaps monitors into position.
- ▶ Compatible with all VESA® monitors – includes 75mm and 100mm VESA® adapters.
- ▶ Includes cable management system.
- ▶ Accommodates monitors up to 24" widescreen (monitor widths may vary).
