Other Hardware

EVO PC4 POS Computer

The EVO PC4 Retail Box is our most innovative compact POS computer to date. The Retail Box is a professional grade computer that can be used for light to heavy industrial use and is retail hardened to withstand the most extreme environments. The PC4 Retail Box is available with Celeron™, Pentium™, or Core i3™ processors which incorporate the latest energy-efficient CPU technology. In addition, the petite footprint and optional wall mounting bracket allow for professional installation under the counter or beside the register.

Key Features

Dual-Core Processors
Available with Intel Celeron, Pentium,

or Core i3 processors

System Memory
2GB DDR3 RAM upgradeable up to 8GB

Petite Footprint
Ultra-compact design for professional

installs

Steel Housing
Maximum durability and heat dissipation

Wall Mountable
Wall mounting brackets (optional)
