For creative-minded people the Creative Print<sup>1</sup> app can access Facebook photos, create custom greeting cards and stationery, and even turn photos into colouring book templates. For added versatility, Wi-Fi Direct allows easy printing from compatible wireless devices without the need for a network connection.

## Easy to use

A 10.9cm interactive LCD touch-screen makes navigation and printing directly from memory card quick and simple. For even easier operation, a motorised control panel and output tray mean hassle-free printing.

## Advanced control
