Displays up to 40 characters | **Adjustable Pole Stand** | **Multi-Language Support** | **Vacuum Fluorescent Display**

■ Adjustable Pole Stand

The APD-200 has two pole sections as well as a multi-angle display head adjustment, giving you the choice of three different display heights which gives you the flexibility to tailor the display position to your unique application.

■ Displays up to 40 characters of alphanumeric text

Clear, easy-to-read 20-column x 2-line dot matrix, comma, decimal point, annunciator characters on a wide viewing display.

■ Supports Multiple Command Modes

The Adesso APD-200 also offers a variety of emulation modes including Epson, Aedex, CD5220, etc...supporting multiple different modes.

■ Multi-Language Support

Supports over 15 languages ranging from French, to German, to Italian, to Spanish and Russian. Use the APD-200 without language barriers or limitations.

■ Vacuum Fluorescent Display

The APD-200 uses a Vacuum Fluorescent Display (VFD) tube which presents bright and easy to read characters. Because of the built-in VFD technology, the display is viewable from a wide angle.

■ Multi-angled Display

The easy to read display also can be adjusted, and customized to your viewing preference for faster productivity. Adjust the display viewing angles from up to 45° and horizontal rotation up to 360°.
