

G513 CARBON

RGB Mechanical Gaming Keyboard

PERFORMANCE EVOLVED.

The perfect blend of performance, advanced technologies and features, and unparalleled build quality, G513 is an RGB mechanical gaming keyboard that includes advanced Romer-G mechanical key switches, the choice of esports professionals worldwide. Romer-G Tactile, the original profile, provides a discernible actuation point you can feel, while Romer-G Linear provides a completely smooth keystroke. You can personalise lighting for each individual key, customise lighting effects and enjoy in-game integration from a spectrum of ~16.8M colours with Logitech Gaming Software. G513 is crafted from the highest-grade materials for durability and premium appearance and includes a memory foam palmrest for extra comfort.
