## Tabletop Security Elbow Mount

This sleek, feature-packed security mount makes your tablet the hub of your digital workspace. The slide-adjustable security grip secures your tablet by the corners, protecting it from theft with a powerful lock and key security system. This clever, open design enables access to all ports, buttons, cameras, and jacks, for compatibility with credit card readers. Featuring a height-adjustable and rotatable elbow stand, plus an additional ball socket at the holder connection, this mount gives you virtually infinite points of adjustment, including 360 degree tablet rotation for portrait and landscape displays. The mount also boasts a cable management system, employing clean cable threading slots within the stand neck. The stand mounts easily to your table, desk, or countertop via predrilled holes, making it a perfect match for reception desks, conference rooms, classrooms, or retail points of sale.
