Quick-Release Security Gooseneck Car Mount

PAD-QGSCT

Quick-Release Security Gooseneck Car Mount

This flexible security mount safely displays your tablet at any angle in the front seat of your car, while also allowing handheld use. Simply press the release button at the rear of the tablet security holder to disconnect from the stand. In handheld mode, the holder remains tethered to any permanent fixture inside the car with an included steel security cable. Designed for use with commercial and passenger vehicles alike, this drill-free car mount installs easily to your vehicle's seat rail. The flexible gooseneck can be repositioned to support your tablet at any angle while still providing enough rigidity to withstand stops, starts, and turns. The slide-adjustable tablet holder tilts and rotates 360 degrees for portrait and landscape orientations.

Features Include:

- Mounts to your vehicle's seat rail with no drilling required
- Lock and key security protects tablet from theft
- Quick release holder disconnects from gooseneck for handheld use
- Holder stays tethered to car with included steel security cable
- Flexible gooseneck can be repositioned for easy angle adjustment
- Tablet holder tilts and rotates 360 degrees for portrait and landscape orientations
- Unique corner-grip holder allows access to all ports, buttons and jacks
- Perfect for passenger or commercial vehicles, like taxis, delivery trucks, emergency vehicles, and more
- Compatible with 7-14 inch tablets, including iPad Pro 12.9, iPad mini, iPad Air, Surface Pro 4, Galaxy Tab S3, and more

Package Includes:
